

19TH YEAR. NO. 205.

EAST LIVERPOOL, O., SATURDAY, AUGUST 30, 1902.

TWO CENTS.

A LIMIT OF 15,000 FOR THE POPULATION OF CITIES IN OHIO

**This Idea Advocated by Special Council Bennett
—Nash Bill Alone Unassailed on
Constitutionality.**

From a Staff Correspondent.

Columbus, August 30. — Special Council Smith W. Bennett, of the attorney general's office, in his talk on the code before the senate yesterday, advised raising the line of demarcation from 5,000 to 15,000. He said the placing of the line at 5,000 was a mere matter of sentiment. If the municipalities under 15,000 would waive the sentimental feature and permit the dividing line between cities to be placed at the original mark, 15,000, they would not be burdened with a cumbersome government.

He said the Nash code contained one weak point—the section giving villages containing colleges the power to regulate the liquor traffic. This provision is a re-enactment of the law which the supreme court upheld several years ago, but the speaker said that he thought it would not stand under the present policy of the court. He looks upon it as special legislation. He also said in answer to a question, that under the provision allowing councilmen to fix their own salaries, that they would probably vote themselves the full amount, which must not exceed \$1,200 annually.

Senator Longworth, the leader of the administration forces, followed Mr. Bennett, and said that the demar-

kation proposition should be the last to be taken up by the general assembly. He thinks it should be left to the senators and representatives of the 42 cities of Ohio having between 10,000 and 5,000 population to decide, and asserted that the division mark would ultimately be placed between these two lines.

The senator's remarks indicate that there is a move on foot to put the dividing line up higher. In the light of this it might be well for Salem and Wellsburg to make known to the Columbiana legislators just where they want the line to be drawn. It now seems to be up to the smaller cities to decide where the mark shall be placed.

A story was sprung yesterday that the Nash code was to be abandoned and the Conings federal code substituted instead. The report is probably incorrect. The situation is very much mixed, but those who are looking upon the matter dispassionately predict that the Nash code will be the one adopted, although admitting radical changes will be made in it. There is a move on foot to take the code from the special committee of the house and refer it to the house as a committee of the whole.

THE SANITARY MEN SHOW DISCONTENT

List Not Satisfactory to the Manu-
facturers of the Trenton
District.

AMENDMENTS ARE WANTED

By the Operators But the Men Are
Not Disposed to Grant Them—An-
other New Local Organized—Tren-
ton Pottery Gossip.

From a Staff Correspondent.

Trenton, N. J., Aug. 30.—The refusal of the manufacturing potters to abide by the agreement made with the National Brotherhood of Operative Potters two months ago, has been the subject of two secret meetings of Sanitary Ware Pressers' local No. 45. There is a movement of discontent which is beginning to show itself among the sanitary pressers throughout the city, the cause of which both the manufacturers and the men, refuse to discuss, at the same time intimating that the difficulty will be settled in the course of another week.

From gossip coming from the various sanitary shops, it seems that after giving the sanitary list a trial, the manufacturers want to amend some of its provisions which has met with a point blank refusal from the men.

The new list which is now in force in all sanitary plants, gives the new men an increase in wages of about 10 per cent. The manufacturers accepted the list unconditionally, and the men refuse to yield. They say that they will hold the controlling powers of the various plants responsible if there is any break in the agreement. Another meeting will be held next Tuesday night when the matter will be further discussed.

The next local to be formed here is one for the general ware pressers. No meeting of the men of this branch has been held, but an effort to bring them together will start shortly. There are about 200 general ware pressers in this city, half of whom signed a petition asking for a union. This branch of the pottery trade is in need of many reforms which the pressers see, can only be brought about through organization.

The packers and warehousemen after several efforts to organize have formed a local. During the summer, Vice-President Hutchins has labored with no little energy to bring about an organization of the members of this branch of the trade. The packers were willing and even anxious to form a union, but the warehousemen were unable to recognize the benefits to be derived from such an organization.

Mr. Hutchins was untiring in his efforts to bring about the organization, and he started out to do missionary work among the warehousemen. He finally succeeded in placing the matter in a favorable light and most of them agreed to join the union if it became a reality. A temporary organization now exists, it being the desire of the members to defer the election of permanent officers until the local had increased its membership. William Stubbs has been chosen temporary president.

Since the convention of the National Brotherhood of Potters, Mr. Hutchins has formed four locals. One of these is Sanitary Pressers' union No. 42, of Bordentown, which has a membership of over forty. The other locals organized during the past month are the Kilnmen's union, and the Printer's local, both of which have made steady progress. Vice-Chancellor Reed has made an order authorizing Councillor James J. Cahill, as receiver for the Melbourne China Glass and Lamp company, to sell the property at private or public sale. The receiver presented an inventory showing the merchandise to be appraised at \$1,662.14 and the liabilities are given at \$2,719.85. Among the creditors are a number of western firms for supplies.

All the plans for the picnic of the Central Labor union which will be held Labor Day at Hill's Grove, have been completed and the general committee promises to have the largest aggregation of labor men on parade that has ever been gathered together in New Jersey. The committee is counting on having 4,000 men in line, who will represent almost every line of employment in Mercer county. The potters will make up the entire fourth division of the parade as follows: Kilnmen's local No. 45, sanitary ware pressers' local No. 45, turners, throwers and handlers' local No. 36, dip-

INTERESTED CROWDS WATCHED THE PROCESS OF NEWSPAPER-MAKING

**Thousands Visited the News Review Office and
Marveled Greatly at Its Wonder-
ful Machinery.**

Fully two thousand of the News Review's friends enjoyed the reception given by the management of this paper yesterday afternoon and last evening.

It was announced that the visitors would be welcomed from 3 o'clock until 10 last evening, but long before that time they began to arrive. The entire force was kept busy looking after the guests and showing them through the perfectly equipped plant. The editorial and business departments were the first to be inspected, and so well pleased were the callers with these departments that many of them sat down to chat with the editor and reporters. From there they passed to the job department, in charge of Foreman Fred B. Martindale, who had made arrangements to show off the excellent equipment to the best advantage.

Every press in the room was kept busy, upon one of which had been made ready a neat and well printed card in the shape of a souvenir. Over 2,000 of these were given out, and the feeders were constantly supplying them to the visitors.

By far the most novel and instructive part of the program was found in the pressroom, and this was the next move made by the visitors. Augustus Ogle, manager of the pressroom, had

pers' local No. 41, general ware workers' pottery printers' local and packers' and warehousemen's local. Two hundred girls, all members of the Burlington Foot and Shoe Workers' union, have accepted the invitation of the Central Labor union to be present at the picnic. The girls will be accompanied by about 500 male members of the union who will take part in the parade. The union has chartered a boat to make the trip up the river. The shoemakers recently won a strike at Burlington and because of their presence at the picnic, H. J. Skeffington, National label agent of the National Boot and Shoe Workers' union, has been engaged to deliver the address.

Trenton sanitary ware and Trenton bath tubs, according to a recent report have not only revolutionized sanitary appliances, everywhere, but they have created correct ideas in regard to healthfulness and comfort. Great improvement has been made in this city in recent years in all sorts of bathroom equipment. In these things Trenton is far ahead of any other city. A representative of the Trenton pottery maintains an agency in Europe and reports show that the products of the local potteries are in great demand. Thomas Hurely, recently employed at the Prospect Hill pottery, has gone west and accepted a position with the biscuit crew at the Severs China works, at East Liverpool.

The jigmen and dishmakers, No. 1, K. of L., have chartered the steamer, John A. Weaver, for an excursion down the Delaware September 14.

Two Special Cars.

At the meeting of Gen. Lyon post No. 41, G. A. R., held last evening arrangements were completed for two special cars which will carry the visitors from this city to the National encampment to be held at Washington, D. C., on the week beginning October 5.

The special cars will leave this city at 5 a. m., on the 5th. It is expected that there will be a large attendance from this city. Matthew Anderson is the delegate to the reunion from this district.

LABOR DAY EDITION.

The News Review will be issued on Monday, but as it is desired to give employees an opportunity to participate in the Labor day celebration, the paper will be published in the morning, instead of in the evening. Agents and carriers will please take notice and advertisers will bear the fact in mind and get in any copy that they may desire printed at the earliest possible moment.

his force well in hand, and the huge web perfecting press, each day turning out 6,000 papers per hour toward supplying News Review readers with the latest and best news, was kept in operation throughout the entire evening. Thousands of copies of the News Review were printed, and there was not a man, woman or child among the throng who was not fascinated by the wonderful mechanism and skillful manipulation of the huge press.

Passing into the composing room the visitors were presented with a second souvenir in the shape of a linotype slug. Two reporters were kept busy taking the names of the callers, and as fast as they could be supplied to the operators, Messrs. McHenry and McCoy, they were put into type. The two typesetting machines were not permitted to stop for an instant, and even then scarcely one-half of the names were recorded. Foreman Chas. Trescott, of the composing room, did his best to accommodate all, but was unable to do so on account of the location of the machines and other equipment interfering with the progress of the large crowds as the passed out. The efficient force did the very best they could under the circumstances, but scarcely half of those

VACANCIES FILLED

NEW TEACHERS CHOSEN BY THE
BOARD OF EDUCATION.

Other Matters Received Attention
And Several Bills Were Order-
ed Paid.

At a meeting of the board of education held in the Central building last evening only five members were present, and the session was the first that had been held for almost two months. The most important matter considered by the board was the election of the new teachers for the coming term to all vacancies.

It is the custom to elect all teachers at the close of the term. Teachers wishing to leave the school are expected to hand in their resignations at the close of the term. If they fail to do this it is very difficult for them to get employment from the board if they wish to return.

The following teachers were elected on the recommendation of Supt. R. E. Rayman, chairman of the teachers' committee:

Miss Anne Pfister for No. 11, Central building.

Miss Huebenthal for No. 6, Horace Mann school building.

Miss Anne McGraw for the Gardendale building. The salary of each is to be \$50.

Miss Nellie Campbell will teach mathematics in the high school.

The clerk was authorized by the president of the board to procure blackboards for the McKinley building. A motion was carried directing the treasurer of the public library to make a report according to law.

A number of bills were ordered paid.

MEMORIAL SERVICES

Annual Decoration Day Exercises by
the Woodmen of the World.

The annual decoration day service of the Woodmen of the world will be held at Spring Grove cemetery tomorrow afternoon. A special train will be run to this city shortly after noon from Rochester, containing members of the order from Beaver, Beaver Falls, Rochester, New Brighton and other towns in that locality. The Woodmen of the World band, of 22 pieces will come on the special train. The grave of Sovereign Stevenson and that of a son of F. J. Robinson will be decorated during the service.

The address of the afternoon will be delivered by Rev. John W. Gorrell, of the Christian church. The members of the lodge will assemble at their hall at 2 o'clock.

RAG TIME HAY RIDE

UNIQUE FORM OF ENTERTAIN-
MENT FOR YOUNG FOLKS.

Dressed in Farmer Costume City
Boys And Girls Enjoy
Themselves.

The "Eight W's" ("We Won't Work, Will We? Why Won't We?"), a club of young men bent on enjoying an evening like their country cousins, hired a wagon and took their girl friends for a rag time hay ride last night. They presented quite a picturesque appearance, the girls wearing sunbonnets and gaudy colors and the boys blue shirts, overalls and farmer hats, with bandana handkerchiefs tied about their necks.

Each member of the party wore a sunflower as a boutonniere and carried a tin horn which he tooted incessantly. They left this city at 8 o'clock and arrived at their destination, the John D. Stewart farm, near Hookstown, at about 9:30 o'clock. There the time was pleasantly spent in games and dancing to familiar rag time airs. An elaborate supper was served.

Miss Maude Stewart was the hostess and proved herself a most capable one.

Among the guests from out-of-town were: Messrs. Sharp and Charles Merritt, of Pittsburg, and Misses Jessie Caldwell, Nell Howerter and Olive Nicholson, of Steubenville. The crowd got home at 2 a. m.

Cooper, 5 years; Rachel McBane, 1 year; Emily Firth, 1 year; Sarah J. Sinclair, 1 year; Ellie McKinnon, 1 year; Alma Roberts, 1 year; Isabella McClain, 1 year; F. E. Brooke, 5 years; Hattie Orrin, 1 year; Alice Bucher, 1 year; Minnie M. Agner, 1 year; Ida M. Huebenthal, 2 years; Nellie L. Campbell, 5 years; Anna McGraw, 2 years.

FAREWELL SERMONS

To Be Preached By Rev. W. H. Glad-
den Tomorrow—Coming Wed-
ding Anniversary.

Rev. W. H. Gladden, president of the Pittsburg conference and pastor of the Fifth street Methodist Protestant church of this city, will close his pas-

torate with that congregation tomorrow. Doubtless large congregations will greet him morning and evening. Early in the week he leaves for his conference, which meets in its sixty-ninth annual session in the Knoxville M. P. church, Southside, Pittsburg, next Wednesday morning, September 3.

About September 8, Rev. Mr. Gladden is expected back in the city to spend two or three days, and after the wedding anniversary of Mr. and Mrs. Gladden September 11 he expects to leave at once with his family for Connellsville, Pa. This anniversary is expected to be an event in the social life of the local church. Rev. Dr. David Jones, the new pastor-elect, and his wife have declared their intention to be present. This will add great interest to the occasion.

FELL FROM A STACK

One Man Killed and Five Others Hurt
By the Breaking of a High
Scaffolding.

Stenbenville, O., Aug. 30.—By the breaking of a scaffold 50 feet high, at the boiler house of the LaBelle iron works yesterday, six men who were at work on the stacks were precipitated the ground. William B. Walker, of that city was instantly killed, and George Miller, of Youngstown, was fatally injured. Four others were hurt.

RIGHTS OF WAY

For the Proposed Youngstown-Colum-
biana Trolley Road Being
Bought.

General Asa W. Jones, of Youngstown, and some of his associates are in the vicinity of Columbiana buying rights of way for an electric line between Columbiana and Youngstown, the survey of which has just been completed.

COME ANY TIME.

Owing to the crowd at the News Review's reception last evening, many persons were not able to see as much as they desired of the workings of the new Duplex press and of the wonderful typesetting machines. To these and to all others who desire to witness the interesting process by which a newspaper is made, an earnest invitation is extended to call at any time when the machinery is in operation. Bear in mind that a newspaper is for the public, and visitors are always welcome in any well conducted newspaper office.

WITH THE WORKMEN IN THE CLAY PLANTS

TRADE OF THE WEEK.

The manufacturers of this city have no cause to complain of orders this week," said a prominent manufacturer to a reporter today, "and I feel safe in saying that every manufacturer in the city has received some excellent fall business during the past five days." Most of the orders that are now being received are for fall trade and delivery, but the holidays orders have not commenced to come in yet. The season is a little early for this class of orders, but the jobbers and merchants are feeling good over the prosperous condition of the country, and when this condition prevails, business with the manufacturing potters is always good. Many manufacturers are preparing for a large holiday trade, and in fact they have been looking for this good business for many months. The opinion was, during the dull season of several months ago, that the business of the fall would be large, and the thought and prediction is being verified, much to the benefit of East Liverpool. The great majority of orders the past week were for immediate delivery—in fact some were hurry orders to meet the important demands of customers. Trade is still chiefly on staple dinner and toilet ware, though a sprinkling of specialties is found in orders, and more or less inquiry as to offerings of new creations in the specialty and novelty line are now made. Many potteries are now beginning to give special attention to holiday offerings.

NOTHING LIKE IT.

There will be installed at the East Liverpool pottery, one of the plants operated by the East Liverpool Pottery company, a glaze cylinder which will cost in the neighborhood

of \$4000. There is nothing in any pottery in the city like this cylinder, used for the purpose of grinding glaze. It was made at Canton, and was received in this city a few days ago. It was taken to the plant on College street, and will be placed in position as soon as possible. The cylinder, it is claimed by the makers, is capable of doing the work of three glaze mills, and has even a larger capacity. The cylinder is in two parts, and is operated on the same plan as is a fret mill. It also contains a wood lining. It is thought by Manager Thomas Robinson, of that plant, that the cylinder will be installed and placed in operation in a week or ten days.

BOYS WON'T WORK.

Jiggermen and others employed in the clay shops of some of the potteries are experiencing much trouble just now because their boys will not work steadily. In some potteries matters are just the reverse. There are a few boys in the city who are looking for positions, and several of these applied for positions at the Cartwright pottery a few days ago. At the East Liverpool pottery, the trouble of not securing help is causing no little inconvenience to the jiggermen and others who hire boys. It is to be hoped that the clay shops will be in full operation in a few weeks, or as soon after school starts as possible. It will not be long until a number of boys will come to this city from the southern counties, and then the jiggermen can secure all the juvenile help they desire.

ANCIENT HISTORY.

From time to time the fact has been clearly demonstrated in this column that the pottery department of the News Review is so far ahead of that published in any other paper in the city, that all attempts to follow the idea of running a pottery department in an East Liverpool paper have been imitations. Notice the item, the leading article in the pottery department of a local paper last evening, in which the story is told that the proceedings of the twenty-third annual meeting of the United States Potters' association had been issued. This same story was published in this paper about three weeks ago. Truly there is but one paper in this city giving all the up to date pottery news, and that paper is the News Review.

FROM THE DEFENSE FUND.

While the executive board of the National Brotherhood is in session in this city it will order \$1,000 taken from the defense fund of the organization for the benefit of the striking miners of the Miner's Association. Many of the locals, when they submitted their vote to the National officers, also sent a donation of from \$10 to \$50 out of their local funds to be forwarded to the miners with the check from the Brotherhood. In this manner it is most likely that in the neighborhood of from \$1,250 to \$1,500 will be sent by Secretary Duffy to the Miner's association. This clearly shows the spirit in which the operative potters contribute to fellow workmen in distress.

SOME HIGH OFFICIALS.

A visit to this city next Monday from A. H. Moreland, president of the Union Pottery company, of Pittsburg, is expected, together with several other officials of the plant. He will likely be accompanied by Frank Fowler, vice-president of that company, who has just returned east from a trip to the west for the benefit of his health. It is said these gentlemen are coming here for the purpose of deciding upon the erection of one or more kilns at the Union, as the present capacity of the plant is somewhat small for the business now being handled by that concern.

HIS WIFE ILL.

The many friends of George Smith, general secretary of Kilnmen's local No. 9, will be sorry to learn that his wife is very ill at her home on Florence street. She is suffering from a complication of troubles, and has been confined to her bed for about two weeks. Mrs. William Devon, wife of William Devon, boss fireman at the D. E. McNicol pottery, who has been seriously ill at her home on Thompson Hill for a few weeks is rapidly recovering, and will be able to be out with in a few days.

SOON READY TO START.

Announcement is made that the old end of the Knowles, Taylor & Knowles pottery, which has been rebuilt and improved is to commence operations in from two to three weeks. In a few days the work of placing the new machinery in the new building will commence, and as soon as this is done, it will be but a few days until the plant is in full operation. Just

how many jiggers will be in the new addition has not yet been decided.

KILNMEN'S MEETING.

Kilnmen's local, No. 9, held an interesting meeting in Brotherhood hall last evening, when the final arrangements for the Labor day demonstration were completed. One transfer card was granted at the meeting and one new member was received by card. One member was obligated. There was very little business to attend to last evening, and the session adjourned at 9:30 o'clock. The members of this local will assemble in Brotherhood hall at 8 o'clock Monday morning for the purpose of arranging for the parade. All members are requested to be at the hall at that time.

WORK RESUMED.

Some of the improvements that were being made to the East End plant of the American Sewer Pipe plant have been completed and yesterday Manager Henderson ordered one of the presses to be started. There are several other presses at this plant, but they will not be put in operation for at least a week, and perhaps longer. There is considerable work yet to be done about the big plant, and it is of such a nature that requires much time.

THE PACKERS.

It was a short session that was held by Packers' local, No. 25, last evening. It was expected that the meeting would be full of interest, but it was just the reverse, and the main matters considered were those pertaining to the Labor day demonstration. The packers will assemble at the Knights of Columbus hall at 8 o'clock Monday morning for the purpose of arranging for the parade.

A DRY WELL.

The gas well drilled by the Mayer Pottery company, on its premises at Beaver Falls, has proved to be a dry one, and the company has abandoned further efforts in this direction. Ernest Mayer has been absent some weeks to recruit his health, and Jos. Mayer is compelled to assume the whole management of the plant.

RUN OUT OF GLAZE.

At lunch time yesterday the dippers at Laughlin No. 2 run out of glaze, and they were unable to work again until this morning. This caused the glost kilnmen of this plant to stop work at noon for they had used all the dipped ware available at that time. This department also resumed work this morning.

THE DIPPER.

At a meeting of Dippers' local, No. 18, held last evening, the new suits that were ordered by the local some time ago to be worn in the parade, were received. They consist of white overalls, white shirts, red caps and red belts. The members of this local will meet in the hall at 8 o'clock Monday morning.

A NEW COMPANY.

The Federal Pottery company is the latest concern of its kind to be launched in this city. The company will open offices here in a few days to transact its freight business. It will deal in a general line of ware and will send a number of agents on the road.

HAVE GONE AGAIN.

A few traveling men came in this week after their first preliminary trips, well satisfied with their trade and the fall prospects. They only remained a day or so, taking not of any new developments and the manufacturing situation for prompt delivery.

FIRST FOOTBALL GAME

Laughlin Potters And Rovers Will Try Their Strength on Monday.

The first foot ball game of the season will be played at Columbian park Monday morning commencing at 10 o'clock. The game will be played between teams representing the Laughlin potters in the East End and the Rovers, of the city, a team which attained a great reputation for good playing in the city last fall. The kick-off will be at 10 o'clock, and the referee will be Mr. Simpson. The following players will take part in the game:

Rovers—W. Townley, Durant, Pope, Townley, Williscraft, Scarrett, Ball, Hall, Davis, B. Pope.

Laughlin's—Speakman, Tucker, Chalmers, Brown, Wheatley, Thompson, Saunders, Johnson, Bloor, Hanlon, Nichols.

The attendance at the game promises to be large. Much interest is being shown by the employees of the pottery, especially of the decorating department, where a number of the players are employed.

TIMELY ASSISTANCE

All That Saved a Swimmer Who Had Been Seized Suddenly By Cramp.

Suffering severe cramps while swimming in the Ohio river yesterday evening came near resulting in the death of one of the most popular young men in the East End. Nothing but the timely assistance of friends saved his life.

Benjamin Day is employed in one of the East End potteries as a frame filler. Early in the evening in company with several friends he went to Line Island, where he went in swimming, and several times he swam from the Ohio shore to the island and return. While on the third trip, and going toward the island, Mr. Day was attacked with cramps, and was unable to swim. This fact soon became apparent to his friends, John Burns and Homer McCartney, and pulling a skiff to the young man, they speedily took him from the water. For a time his friends thought that he would sink before they reached him.

Repairing the Hill Road.

It will be but a few days now until the work of repairing the hill road will begin. The road is to be repaired where it has been slipping for some time. The contract has been let to Thomas McLaughlin. This road was built by Mr. Laughlin, and the slip is a short distance west of the old East End school house. All the gravel that will be used in repairing will be furnished by Alex. Chafin.

Cut His Arm Badly.

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You may prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get the reliable remedy at Charles F. Oak's. CONGRESSMAN CROWLEY

Uses Pe-ru-na in His Family For Catarrhal and Nervous Affections.

Hon. Joseph B. Crowley, Congressman from Illinois, writes from Robinson, Ill., the following praise for the great catarrhal tonic, Peruna. Congressman Crowley says:

"After giving Peruna a fair trial I can cheerfully recommend your remedy to anyone suffering with coughs, colds and la grippe, and all catarrhal complaints."

"Mrs. Crowley has taken a number of bottles of Peruna on account of nervous troubles. It has proven a strong tonic and lasting cure. I can cheerfully recommend it."—J. B. CROWLEY.

No other remedy invented by man has ever received as much praise from men of high station as Peruna. Over forty members of Congress have tried it and recommended it to suffering humanity. They use it themselves to guard against the effects of the intense strain of public life; to ward off the ill effects of the changeable climate of Washington. They keep it in their homes for family use. They recommend it to their neighbors, and they do not hesitate in public print to declare their appreciation and endorsement of this greatest of modern remedies.

It is exactly as Congressman Crowley says: "Peruna is a swift and sure remedy for coughs, colds and la grippe and all catarrhal complaints. It is an excellent remedy in all nervous troubles. It never fails to prove itself a powerful tonic and a lasting cure." This is what Congressman Crowley says, and this is what thousands of other people are saying all over the United States.

Congressman Romulus Z. Linney from Taylorsville, N. C., writes: "My secretary had as bad a case of catarrh as I ever saw, and since he has taken one

bottle of Peruna he seems like a different man."—Romulus Z. Linney.

Congressman A. T. Goodwyn, Robinson Springs, Ala., writes: "I have now used one bottle of Peruna and am a well man today."—A. T. Goodwyn.

U. S. Senator W. N. Roach from Laramie, N. D., writes: "I have used Peruna as a tonic. It has greatly helped me in strength, vigor and appetite."

Congressman H. W. Ogden from Benton, La., writes: "I can conscientiously recommend your Peruna."—H. W. Ogden.

Congressman H. W. Smith from Murphysboro, Ill., writes: "I have taken one bottle of Peruna for my catarrh and I feel very much benefited."—Geo. W. Smith.

Congressman David Meekison from Napoleon, O., writes: "I have used several bottles of Peruna and feel greatly benefited thereby from my catarrh of the head."—David Meekison.

Senator Mallory, of Pensacola, Fla., writes: "I have used your excellent remedy, Peruna, and have recommended it both as a tonic and a safe catarrh remedy."—Stephen R. Mallory.

Senator M. C. Butler, ex-Governor of South Carolina, writes: "I can recommend Peruna for dyspepsia and stomach trouble."—M. C. Butler.

Senator W. V. Sullivan from Oxford, Miss., writes: "I take pleasure in recommending your great national catarrh cure, Peruna, as the best I have ever tried."—W. V. Sullivan.

Senator J. M. Thurston from Omaha, Neb., writes: "Peruna entirely relieved me of a very irritating cough."—J. M. Thurston.

Congressman H. G. Worthington from Nevada, writes: "I have taken one bottle of Peruna and it has benefited me immensely."—H. G. Worthington.

Congressman Howard from Ft. Payne, Ala., writes: "I have taken Peruna for la grippe, and I take pleasure in recommending Peruna as an excellent remedy."—M. W. Howard.

Congressman Willis Brewer from Haynesville, Ala., writes: "I have used one bottle of Peruna for lassitude, and I take pleasure in recommending it."—Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

The schools open next week and many hundreds of children will be well employed for the next few months at least. East Liverpool's schools are constantly increasing in attendance and in usefulness. They are among the proudest and best possessions of the city. The school advantages which the children of today have over those which were enjoyed by their fathers and grandfathers are many and great. This thought should be strongly impressed upon every child's mind, along with the necessity for making the most of his opportunities. When we read how such men as Franklin and Lincoln and others afterward famous simply hungered and thirsted for books and knowledge and educated themselves by their own efforts under conditions that would have discouraged those of less determination and mental strength, and reflect on conditions today, when free libraries abound, when most homes are well stocked with good literature and the best of schools are open to all, we are impressed most forcibly with the truth that the average youth of today little thinks how much he has to be thankful for. Education is a necessity of modern life, an essential to success in every line of effort. If a person has a mind capable of cultivation, there is no excuse for him remaining an ignorant, and the people are more prone to condemn than to pity the illiterate.

To most of the people that composed the throngs that passed through the News Review office yesterday afternoon and evening the completeness and the extent of the facilities of the plant for newspaper and job work were a revelation. Everybody in East Liverpool of course knew that the News Review was growing and prospering, but when confronted with the abundant evidence of this fact they were simply overwhelmed with surprise. They marveled greatly at the new machinery and watched it in operation with deepest interest. The News Review force was rejoiced to meet so many of its friends, and the occasion was mutually enjoyable. Those who were unable to attend the reception are reminded that visitors are always welcome in this office and any person desiring to see how a complete up-to-date newspaper and job plant is operated are invited to come at any time.

When President Roosevelt said to his Maine guide, "Glad to see you, Bill," the latter replied: "You ain't no gladder'n I be." That sentiment seems to be echoed by all New England.

OBITUARY

Mrs. Elmer Blackburn.

Word was received in Wellsville yesterday of the death of Mrs. Maude Blackburn, wife of Elmer Blackburn, one of Wellsville's prominent merchants, at the home of her father, George Bennett, near New Somerset, Jefferson county. Mrs. Blackburn died of dropsy, and has been sick for several months past. She was 24 years of age. She formerly resided here and was a member of the United Presbyterian church. The remains will be brought to this city for burial, but complete arrangements have not yet been made.

There are more cures made with Walthers' Peptonized Port than all other medicines. Doubt not. Try it.

INVITATION.

Having purchased the grocery business of Frank E. Oyster & Co., I hereby most cordially invite the friends and patrons of that firm to favor us with their future patronage. The business will be conducted at the stand now occupied by them, corner Broadway and Cook street.

We unhesitatingly state that the interest of patrons will be protected in the same businesslike manner. Mr. and Miss Oyster will remain a few weeks, and the same strong clerical force will be maintained. The same line of goods handled by them will be carried in stock, and the same high standard of quality will be maintained throughout.

Your wholesome patronage, combined with our already large patronage, will give us such advantage in wholesale buying that will enable us to sell at prices that will interest any housekeeper. Very respectfully,
C. A. FERGUSON.

Lazy and dull feelings are sure precursors of sickness, which Walthers' Peptonized Port will banish.

WAGON GIVEN AWAY

With each pair of school shoes we give a nice tablet, good ink paper, and to the boy or girl returning to us the largest number of the covers of these tablets bearing our name, we will give this wagon, which is displayed in our window. This contest closes December 23. We still handle the Bunker Hill School Shoes for boys and girls. We have sold several other lines of boys' and girls' shoes, but as yet have never found a line that will wear like Bunker Hill school shoes. Child's sizes, 5 to 11, \$1.00; misses' sizes, 11½ to 2, \$1.25; little girl's size, 9 to 13, \$1.25; boys' sizes, 13½ to 5½, \$1.50. Every pair guaranteed. Sold only by us.

Entries can be made for the various contests with Charles Evans, secretary of the committee, at C. H. Sneider's store, until Saturday evening and with any of the committee on the grounds. Committee in charge of races, C. R. Davis, D. Benedict, and Charles Rager. The grounds will be well lighted for the occasion. Merchants are requested to close stores not later than 9 a. m., remaining closed the balance of the day.

SWITCH WANTED

By the Pennsylvania Company to Connect With Wellsville Factories.

An application has been received by the city officials from the Pennsylvania railroad to construct, maintain and operate a switch through the northern part of the city near the hill side for the purpose of tapping all of the potteries and other factories that are located in the rear of the town. An ordinance is being prepared to be presented to council and will probably be passed promptly.

To Open Chester Avenue.

A petition is being circulated in the West End asking council to open up Chester avenue. The matter has been hanging fire for some time. It is claimed to be a matter of neglect on the part of council that the street has not been opened long ago. The petition will be presented at the next meeting of council. The street is located just north of Clark avenue, and several very valuable properties front on it.

POLICE AID ASKED

In Looking for Bartholin, the Chicago Desperado and Murderer.

A notification has recently been received by Mayor Fogo from Francis O'Neill, general superintendent of the department of police in Chicago, asking to have the police force here on the lookout for a man named William Bartholin, who is wanted by the Chicago authorities on a charge of murdering his mother, Mrs. Anna Bartholin, and fiancée, Minnie Mitchell, on or about July 16, 1902.

He is thought to be in this section of the state. No reward is offered.

No Council Meeting.

An official notice was given last evening to the effect that there would be no council meeting Monday evening, which is the regular meeting night. The meeting will be held on Tuesday evening in respect of Labor day.

Strikes Is Off.

The Italian laborers' strike at the mill of the American Sheet Steel company is now over and the laborers have very willingly started to work at the old pay.

Health Board Meeting.

A special meeting of the board of health will be called for Tuesday evening for the purpose of condemning an alleged nuisance near the corner of Third street and Broadway.

A LIMIT OF 15'000 FOR THE POPULATION OF CITIES IN OHIO

(Continued from First Page.)

The governor's code is the only one which has not been attacked on constitutional grounds. This question is the one which forms the basis of attacks by the administration force against the other code bills which have been introduced. Things are in a badly muddled shape just now, and no one can tell what will finally evolve. It was stated yesterday that the Nash code, in its present shape, legislates all school officers out of office. This being so, the provision will have to be changed or it will be necessary to enact a new set of school laws.

TOOK A REST

The Town Clock Thought It Entitled to a Short Vacation.

"There's no use talking, I certainly am getting tired of this way of working. Here I have been for the past seven years, and I have never had a minute to myself but one during the 24 hours each day, and when I did stop then everybody in town almost was talking about it. With such a strong union city as this I don't think it is right for me to have to keep my hands busy 24 hours each day, even though I don't belong to a union. But I don't care what is said about me, I am going to stop."

And stop the clock in the tower of the Central school building did at 11:20 yesterday morning. Janitor Albright has been so busy in his work of preparing the school for occupancy next week that he forgot the clock, and it was allowed to run down. COSTLY ERRORS AND POOR PLAYS

This Tells Why East Liverpool Was Defeated by the Windsor Team.

A SAD LACK OF GINGER

Was Evident in the Home Team—Winters Pitched Well, But His Support Was Weak—Curious Error in Location of Pitcher's Box.

The question which was asked yesterday afternoon was "Can't the East Liverpool team become a good loser?" If the action of a number of the players can be taken as a criterion the team cannot.

The Windsors won the game in the seventh inning when they secured four runs, which was their sum total for the entire game. The score then stood 4 to 1, and in the eighth inning the home team secured two more runs, but through no fault of their own. The boys appeared to lack ginger and finished the game more like first year amateurs.

Errors were the cause of it all. Winters pitched a good game, but his own slow fielding was to a large extent responsible for the defeat. He himself allowed two of the five hits to be counted against him. He allowed one slow grounder to pass him when he could have gotten it easily, and then again made a slow play on a bunt and another hit was scheduled.

But Winters was not the only one who was not fielding the game. Even "Foxy Grandpa" was out of condition. He dropped a fly which rightfully belonged to Webb and started the run getting which landed the victory for the Windsors.

Miller, the Monaca man, who played second, was not what he was cracked up to be. He was all right on picking up grounders, but he was unable to throw with any accuracy and received two errors. On one occasion he had an excellent chance to make a double after putting a man out between the line, but threw the ball to the ground in front of Heckathorn at first.

The Windsors began to look for the game in the first inning. Healy went in the box and immediately claimed that the distance from the box to the plate was not correct. A long discussion ensued. A tape measure was secured and it was found that the distance was 67 feet instead of 63.

It is impossible to state why this distance has been used here this season. The grounds were laid out by a civil engineer and were supposed to be correct. It is hard to tell what difference it will make on the local pitchers. Winters was able to pitch a good game at the new distance. It will certainly make a difference with the visiting pitchers who are used to the regular distance.

The locals secured their first run in the third inning on two hits by Godwin and Davis. Webb hit safe and Emmerling was allowed to go down on his grounder, but Webb was thrown out at second. Maag was hit and Godwin hit safe to center field and Emmerling scored. The locals would have had a good chance of scoring another, but Godwin ran to second on the throw in and Maag was unable to reach third.

The visitors did not secure a single hit off Winters until the sixth inning when Craig picked out one. It availed nothing, however, and the chances of the Windsors for a shutout were very promising when they turned the tide in the seventh.

Ralston was first up and hit a fly to right field. Webb ran in and Heckathorn out for the ball. The former had a good chance of getting it, but Heckathorn would not allow him to do so, with the result that it was dropped. McElvaine hit safe and Ralston went to third and scored on a wild throw by Miller. The locals then appeared to lose their heads and on errors by Davis and another by Miller four runs were scored.

The locals had a chance to redeem themselves in the eighth, but they had lost heart. Emmerling was hit and after Winters had struck out Maag waited out four bad ones. Godwin sent one to third base and Mason attempted to catch Emmerling without success and three men were on bases. Emmerling scored on a fly to the out.

Struck out—By Winters, 5; by Healy, 8.
Bases on balls—Healy, 1.
Hit by pitched ball—Healy, 1.
Umpire—McCarron.

NOTES ON THE GAME.

Miller will have to pick up if he wants to hold down second for the locals. His batting was very poor.

What was the matter with "Foxy Grandpa"? He struck out twice and never got the ball out of the diamond. And then had an error to top it off.

Healy pitched a nice game and refused to allow the crowd to rattle him. He kicked just enough on decisions to get everything that was coming to him in case the umpire had been partial. But McCarron umpired a good game.

Only one of the local players went out to the outfielders. It was Webb, the last man up in the game, and he hit a high fly foul to left field which Glassburner pulled down after a long run. It was one of the prettiest plays in the game.

There is simply no excuse for the distance from the pitchers' box to home plate being four feet too long. It does not give the visiting pitchers a fair chance and handicaps the local pitchers when they play on a regulation diamond.

Godwin was certainly in the game. He took everything that came his way and made two good catches, on one of which he would have been open to censure if he had not got it, as it belonged to Reark. He had two of the four hits for the locals.

Blanked Them All.

After losing 14 out of 15 games on the road, the Detroit American League team opened at home yesterday by shutting out Boston in a well-played game. Mercer pitched great ball, earning his game by a score of 4 to 5.

CERTAIN RESULTS

Many a East Liverpool Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in East Liverpool. There is plenty of positive proof of this in testimony of citizens, such evidence should convince the most skeptical doubter.

Read the following statement:

Mr. Thomas Laughlin, of 172 Sophia street, engineer, says: "I caught cold and neglected it. It settled in my back and kidneys. Forced me to quit work and almost cost me my life. I could not move without suffering, and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicine for ten years but did not get well. When I read of Doan's Kidney Pills I got a box at the W. & W. Pharmacy. Noticing some improvement by the time I had taken the first half of the box, I continued until I had taken four boxes and my back was all right as well as the urinary trouble. I will substantiate my statement of Doan's Kidney Pills if anyone will come to my house to investigate for themselves. My wife had some backache also; she took Doan's Kidney pills and was cured."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.

Sold by W. & W. pharmacy.

The Best Medicine for Mothers Dr. Pierce's Favorite Prescription

"Words cannot express how grateful I am for your kind advice and your 'Favorite Prescription,' writes Mrs. D. B. Barricks, of Perrows, Campbell Co., Va. 'I feel that it has cured me. I had been in poor health for four years. Suffered greatly with my right side, also with bearing down pains, and my nerves were in a dreadful state. After using four bottles of your 'Favorite Prescription' I am now well. I am the mother of two children. With the first child I suffered twenty-eight hours, and with the second I used your medicine and was sick only three hours. I believe 'Dr. Pierce's Favorite Prescription' to be the best medicine in the world for suffering females. I wish you great success, and hope that God will bless you in your noble work.'"

SICK MADE WELL WEAK MADE STRONG

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy Is Free to All Who Send Name and Address.

After years of patient study, and delving into the dusty record of the past, as well as following modern experiments in the realm of medical science, Dr. James W. Kidd, 2347 Hales Building, Fort Wayne, Indiana, makes the startling announcement

DR. JAMES WILLIAM KIDD.

that he has surely discovered the elixir of life. That he is able to aid a suffering compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seems to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free, to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, sciatica and piles are quickly and permanently removed. It purifies the entire system, blood and tissue, restores normal system power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

TO SMOKERS OF THE

BEST AND LARGEST SELLING BRANDS OF CIGARS IN THE WORLD!

HOW MANY CIGARS

will the United States collect Taxes on during the Month of December, 1902?

(Cigars bearing \$3.00 per thousand tax.)

\$142,500.00 will be given in January, 1903, to the persons whose estimates are nearest to the number of cigars on which \$3.00 tax per thousand is paid during the month of December, 1902, as shown by the total sales of stamps made by the United States Internal Revenue Department during December, 1902.

Distribution will be made as follows:

To the.....(1) person estimating the closest.....	\$5,000.00	in cash
To the.....2 persons whose estimates are next closest.....	5,000.00	"
To the.....5 persons whose estimates are next closest.....	5,000.00	"
To the.....10 persons whose estimates are next closest.....	5,000.00	"
To the.....20 persons whose estimates are next closest.....	5,000.00	"
To the.....50 persons whose estimates are next closest.....	2,500.00	"

To the.....20,000 persons whose estimates are next closest.....	2,500.00	"
To the.....35,213 persons.....	75,000.00	"
	\$142,500.00	

Every 100 bands from above named cigars will entitle you to four estimates:

(One "Florodora" band counting as two bands from the 5 cent cigars mentioned; and no less than 100 bands will be received at any one time for estimates.)

Information which may be of value in making estimates—the number of Cigars now bearing \$3.00 Tax per thousand, for which Stamps were purchased, appears below:

In December, 1902, 467,692,208 Cigars.	In March, 1902, 516,590,027 Cigars.
" December, 1901, 479,312,179 "	" April, 1902, 516,835,163 "
" January, 1902, 496,983,717 "	" May, 1902, 523,035,907 "
" February, 1902, 445,495,483 "	

In case of a tie in estimates, the amount offered will be divided equally among those entitled to it. Distribution of the awards will be made as soon after January 1st, 1903 as the figures are obtainable from the Internal Revenue Department for the United States for December. Write your full name and Post Office Address plainly on packages containing bands. The Postage, or Express charges on your package must be fully prepaid, in order for your estimate to participate.

All estimates under this offer must be forwarded before December 1st, 1902, to the FLORODORA TAG COMPANY, Jersey City, N. J. You do not lose the value of your bands. Receipts will be sent you for your bands, and these receipts will be just as good as the bands themselves in securing Presents. One band from "Florodora," or two bands from any of the other Cigars mentioned above, will count in securing Presents the same as one tag from "Star," "Horse Shoe," "Spear Head," "Standard Navy," "Old Peach and Honey," "J. T.," "Master Workman," "Piper Heidsieck," "Jolly Tar," "Boot Jack," "Old Honesty," "Razor," or "Planet" Tobacco; or one "Sweet Caporal" Cigarette Box Front.

Send each estimate on a separate piece of paper, with your name and address plainly written on each. Blank forms for estimates will be mailed upon application.

Illustrated Catalogue of Presents for 1903 and 1904 will be ready for distribution about October 1st, 1902, and will be mailed on receipt of ten cents, or ten tobacco tags, or twenty cigar bands.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Gardener Property Sold—The Dr. Gardener property on Washington street has been disposed of to Samuel J. Crawford. The deal was closed by the McGarry agency.

No Services Tomorrow—There will be no services or Sunday school at the First Presbyterian church tomorrow. Services will be resumed the following Sunday.

Back in the Pulpit—Rev. Dr. Clark Crawford has returned from Cambridge Springs much improved in health. He will occupy the First M. E. pulpit Sunday, both morning and evening.

Lorena in Dry Dock—The steamer Lorena left Zanesville Wednesday for Parkersburg, where it was placed in dry dock for overhauling and repairs. The boat will be in the Zanesville and Pittsburgh trade as soon as the river raises.

Pleasantly Entertained—Mr. and Mrs. Walter Davidson, of Thompson Hill, pleasantly entertained a number of friends at their home last evening, in honor of Mrs. Flossie New and children, of Canada, who have been visiting at the Davidson home for about a month. Mrs. New and her children will return to Canada in a few days, having had a delightful visit in this city.

The Knowles Bridal Party—Word was received today from Mr. and Mrs. Harold H. Knowles and party, who are aboard their special car, "Arcadia," en route to New York and the summer resorts of Long Island. He writes that their car lay at Altoona Wednesday night and at Cresson all day and night Thursday. They left yesterday for Bedford Springs and expect to arrive in New York about Wednesday.

Enjoyable Party—Miss Mary Hill very pleasantly entertained a number of young people last evening at her home on West Market street in honor of Misses Edith Koch and Euphemia Huston, who expect to leave in several weeks to enter the Grove City college. Games and music were the features and refreshments were served. The out-of-town guests were: Miss Stella Donley, of Wellsville, and Miss Bell Phillips, of Erona, Pa. The evening was greatly enjoyed.

A LIMIT OF 15,000 FOR THE POPULATION OF CITIES IN OHIO

This Idea Advocated by Special Council Bennett
—Nash Bill Alone Unassailed on
Constitutionality.

From a Staff Correspondent.

Columbus, August 30. — Special Council Smith W. Bennett, of the attorney general's office, in his talk on the code before the senate yesterday, advised raising the line of demarcation from 5,000 to 15,000. He said the placing of the line at 5,000 was a mere matter of sentiment. If the municipalities under 15,000 would waive the sentimental feature and permit the dividing line between cities to be placed at the original mark, 15,000, they would not be burdened with a cumbersome government.

He said the Nash code contained one weak point—the section giving villages containing colleges the power to regulate the liquor traffic. This provision is a re-enactment of the law which the supreme court upheld several years ago, but the speaker said that he thought it would not stand under the present policy of the court. He looks upon it as special legislation. He also said in answer to a question, that under the provision allowing councilmen to fix their own salaries, that they would probably vote themselves the full amount, which must not exceed \$1,200 annually.

Senator Longworth, the leader of the administration forces, followed Mr. Bennett, and said that the demar-

kation proposition should be the last to be taken up by the general assembly. He thinks it should be left to the senators and representatives of the 42 cities of Ohio having between 10,000 and 5,000 population to decide, and asserted that the division mark would ultimately be placed between these two lines.

The senator's remarks indicate that there is a move on foot to put the dividing line up higher. In the light of this it might be well for Salem and Wellsville to make known to the Columbiana legislators just where they want the line to be drawn. It now seems to be up to the smaller cities to decide where the mark shall be placed.

A story was sprung yesterday that the Nash code was to be abandoned and the Comings federal code substituted instead. The report is probably incorrect. The situation is very much mixed, but those who are looking upon the matter dispassionately predict that the Nash code will be the one adopted, although admitting radical changes will be made in it. There is a move on foot to take the code from the special committee of the house and refer it to the house as a committee of the whole.

RAG TIME HAY RIDE

UNIQUE FORM OF ENTERTAINMENT FOR YOUNG FOLKS.

Dressed in Farmer Costume City Boys And Girls Enjoy Themselves.

The "Eight W's" ("We Won't Work, Will We? Why Won't We?"), a club of young men bent on enjoying an evening like their country cousins, hired a wagon and took their girl friends for a rag time hay ride last night. They presented quite a picturesque appearance, the girls wearing sunbonnets and gaudy colors and the boys blue shirts, overalls and farmer hats, with bandana handkerchiefs tied about their necks.

Each member of the party wore a sunflower as a boutonniere and carried a tin horn which he tooted incessantly. They left this city at 8 o'clock and arrived at their destination, the John D. Stewart farm, near Hookstown, at about 9:30 o'clock. The time was pleasantly spent in games and dancing to familiar rag time airs. An elaborate supper was served.

Miss Maude Stewart was the hostess and proved herself a most capable one.

Among the guests from mount-of-town were: Messrs. Sharp and Charles Merritt, of Pittsburg, and Misses Jessie Caldwell, Nell Howerter and Olive Nicholson, of Steubenville. The crowd got home at 2 a. m.

FAREWELL SERMONS

To Be Preached By Rev. W. H. Gladden Tomorrow—Coming Wedding Anniversary.

Rev. W. H. Gladden, president of the Pittsburg conference and pastor of the Fifth street Methodist Protestant church of this city, will close his pas-

torate with that congregation tomorrow. Doubtless large congregations will greet him morning and evening. Early in the week he leaves for his conference, which meets in its sixtieth annual session in the Knoxville M. P. church, Southside, Pittsburg, next Wednesday morning, September 3.

About September 8, Rev. Mr. Gladden is expected back in the city to spend two or three days, and after the wedding anniversary of Mr. and Mrs. Gladden September 11 he expects to leave at once with his family for Connellsville, Pa. This anniversary is expected to be an event in the social life of the local church. Rev. Dr. David Jones, the new pastor-elect, and his wife have declared their intention to be present. This will add great interest to the occasion.

THE SANITARY MEN SHOW DISCONTENT

List Not Satisfactory to the Manufacturers of the Trenton District.

AMENDMENTS ARE WANTED

By the Operators But the Men Are Not Disposed to Grant Them—Another New Local Organized—Trenton Pottery Gossip.

From a Staff Correspondent.

Trenton, N. J., Aug. 30.—The refusal of the manufacturing potters to abide by the agreement made with the National Brotherhood of Operative Potters two months ago, has been the subject of two secret meetings of Sanitary Ware Pressers' local No. 45. There is a movement of discontent which is beginning to show itself among the sanitary pressers throughout the city, the cause of which, both the manufacturers and the men, refuse to discuss, at the same time intimating that the difficulty will be settled in the course of another week.

From gossip coming from the various sanitary shops, it seems that after giving the sanitary list a trial, the manufacturers want to amend some of its provisions which has met with a point blank refusal from the men.

The new list which is now in force in all sanitary plants, gives the new men an increase in wages of about 10 per cent. The manufacturers accepted the list unconditionally, and the men refuse to yield. They say that they will hold the controlling powers of the various plants responsible if there is any break in the agreement. Another meeting will be held next Tuesday night when the matter will be further discussed.

The next local to be formed here is one for the general ware pressers. No meeting of the men of this branch has been held, but an effort to bring them together will start shortly. There are about 200 general ware pressers in this city, half of whom signed a petition asking for a union. This branch of the pottery trade is in need of many reforms which the pressers see, can only be brought about through organization.

The packers and warehousemen after several efforts to organize have formed a local. During the summer, Vice-President Hutchins has labored with no little energy to bring about an organization of the members of this branch of the trade. The packers were willing and even anxious to form a union, but the warehousemen were unable to recognize the benefits to be derived from such an organization.

Mr. Hutchins was untiring in his efforts to bring about the organization, and he started out to do missionary work among the warehousemen. He finally succeeded in placing the matter in a favorable light and most of them agreed to join the union if it became a reality. A temporary organization now exists, it being the desire of the members to defer the election of permanent officers until the local had increased its membership. William Stubbs has been chosen temporary president.

Since the convention of the National Brotherhood of Potters, Mr. Hutchins has formed four locals. One of these is Sanitary Pressers' union No. 42, of Bordentown, which has a membership of over forty. The other locals organized during the past month are the Kilnmen's union, and the Printer's local, both of which have made steady progress. Vice-Chancellor Reed has made an order authorizing Councillor James J. Cahill, as receiver for the Melbourne China Glass and Lamp company, to sell the property at private or public sale. The receiver presented an inventory showing the merchandise to be appraised at \$1,663.14 and the liabilities are given at \$2,719.85. Among the creditors are a number of western firms for supplies.

All the plans for the picnic of the Central Labor union which will be held Labor Day at Hill's Grove, have been completed and the general committee promises to have the largest aggregation of labor men on parade that has ever been gathered together in New Jersey. The committee is counting on having 4,000 men in line, who will represent almost every line of employment in Mercer county. The potters will make up the entire fourth division of the parade as follows: Kilnmen's local No. 45, sanitary ware pressers' local No. 45, turners, throwers and handlers' local No. 36, dip-

INTERESTED CROWDS WATCHED THE PROCESS OF NEWSPAPER-MAKING

Thousands Visited the News Review Office and
Marveled Greatly at Its Wonderful Machinery.

Fully two thousand of the News Review's friends enjoyed the reception given by the management of this paper yesterday afternoon and last evening.

It was announced that the visitors would be welcomed from 3 o'clock until 10 last evening, but long before that time they began to arrive. The entire force was kept busy looking after the guests and showing them through the perfectly equipped plant. The editorial and business departments were the first to be inspected, and so well pleased were the callers with these departments that many of them sat down to chat with the editor and reporters. From there they passed to the job department, in charge of Foreman Fred B. Martindale, who had made arrangements to show off the excellent equipment to the best advantage.

Every press in the room was kept busy, upon one of which had been made ready a neat and well printed card in the shape of a souvenir. Over 2,000 of these were given out, and the feeders were constantly supplying them to the visitors.

By far the most novel and instructive part of the program was found in the pressroom, and this was the next move made by the visitors. Augustus Ogle, manager of the pressroom, had

his force well in hand, and the huge web perfecting press, each day turning out 6,000 papers per hour toward supplying News Review readers with the latest and best news, was kept in operation throughout the entire evening. Thousands of copies of the News Review were printed, and there was not a man, woman or child among the throng who was not fascinated by the wonderful mechanism and skillful manipulation of the huge press.

Passing into the composing room the visitors were presented with a second souvenir in the shape of a linotype slug. Two reporters were kept busy taking the names of the callers, and as fast as they could be supplied to the operators, Messrs. McHenry and McCoy, they were put into type. The two typesetting machines were not permitted to stop for an instant, and even then scarcely one-half of the names were recorded. Foreman Chas. Trescott, of the composing room, did his best to accommodate all, but was unable to do so on account of the location of the machines and other equipment interfering with the progress of the large crowds as the passed out. The efficient force did the very best they could under the circumstances, but scarcely half of those

VACANCIES FILLED

NEW TEACHERS CHOSEN BY THE BOARD OF EDUCATION.

Other Matters Received Attention And Several Bills Were Ordered Paid.

At a meeting of the board of education held in the Central building last evening only five members were present, and the session was the first that had been held for almost two months. The most important matter considered by the board was the election of the new teachers for the coming term to all vacancies.

It is the custom to elect all teachers at the close of the term. Teachers wishing to leave the school are expected to hand in their resignations at the close of the term. If they fail to do this it is very difficult for them to get employment from the board if they wish to return.

The following teachers were elected on the recommendation of Supt. R. E. Rayman, chairman of the teachers' committee:

Miss Anne Pfister for No. 11, Central building.

Miss Huebner for No. 6, Horace Mann school building.

Miss Anne McGrew for the Gardendale building. The salary of each is to be \$50.

Miss Nellie Campbell will teach mathematics in the high school.

The clerk was authorized by the president of the board to procure blackboards for the McKinley building. A motion was carried directing the treasurer of the public library to make a report according to law.

A number of bills were ordered paid.

MEMORIAL SERVICES

Annual Decoration Day Exercises by the Woodmen of the World.

The annual decoration day service of the Woodmen of the world will be held at Spring Grove cemetery tomorrow afternoon. A special train will be run to this city shortly after noon from Rochester, containing members of the order from Beaver, Beaver Falls, Rochester, New Brighton and other towns in that locality. The Woodmen of the World band, of 22 pieces will come on the special train. The grave of Sovereign Stevenson and that of a son of F. J. Robinson will be decorated during the service. The address of the afternoon will be delivered by Rev. John W. Gorrell, of the Christian church. The members of the lodge will assemble at their hall at 2 o'clock.

Quick returns from News Review

WITH THE WORKMEN IN THE CLAY PLANTS

TRADE OF THE WEEK.

"The manufacturers of this city have no cause to complain of orders this week," said a prominent manufacturer to a reporter today, "and I feel safe in saying that every manufacturer in the city has received some excellent fall business during the past five days." Most of the orders that are now being received are for fall trade and delivery, but the holidays orders have not commenced to come in yet. The season is a little early for this class of orders, but the jobbers and merchants are feeling good over the prosperous condition of the country, and when this condition prevails, business with the manufacturing potters is always good. Many manufacturers are preparing for a large holiday trade, and in fact they have been looking for this good business for many months. The opinion was, during the dull season of several months ago, that the business of the fall would be large, and the thought and prediction is being verified, much to the benefit of East Liverpool. The great majority of orders the past week were for immediate delivery—in fact, some were hurry orders to meet the important demands of customers. Trade is still chiefly on staple dinner and toilet ware, though a sprinkling of specialties is found in orders, and more or less inquiry as to offerings of new creations in the specialty and novelty line are now made. Many potteries are now beginning to give special attention to holiday offerings.

NOTHING LIKE IT.

There will be installed at the East Liverpool pottery, one of the plants operated by the East Liverpool Pottery company, a glaze cylinder which will cost in the neighborhood

Kilnmen's local, No. 9, held an interesting meeting in Brotherhood hall last evening, when the final arrangements for the labor day demonstration were completed. One transfer card was granted at the meeting and one new member was received by card. One member was obligated. There was very little business to attend to last evening, and the session adjourned at 9:30 o'clock. The members of this local will assemble in Brotherhood hall at 8 o'clock Monday morning for the purpose of arranging for the parade. All members are requested to be at the hall at that time.

WORK RESUMED.

Some of the improvements that were being made to the East End plant of the American Sewer Pipe plant have been completed and yesterday Manager Henderson ordered one of the presses to be started. There are several other presses at this plant, but they will not be put in operation for at least a week, and perhaps longer. There is considerable work yet to be done about the big plant, and it is of such a nature that requires much time.

THE PACKERS.

It was a short session that was held by Packers' local, No. 25, last evening. It was expected that the meeting would be full of interest, but it was just the reverse, and the main matters considered were those pertaining to the labor day demonstration. The packers will assemble at the Knights of Columbus hall at 8 o'clock Monday morning for the purpose of arranging for the parade.

A DRY WELL.

The gas well drilled by the Mayer Pottery company, on its premises at Beaver Falls, has proved to be a dry one, and the company has abandoned further efforts in this direction. Ernest Mayer has been absent some weeks to recruit his health, and Jos. Mayer is compelled to assume the whole management of the plant.

RUN OUT OF GLAZE.

At lunch time yesterday the dippers at Laughlin No. 2 run out of glaze, and they were unable to work again until this morning. This caused the glost kilnmen of this plant to stop work at noon for they had used all the dipped ware available at that time. This department also resumed work this morning.

THE DIPPERS.

At a meeting of Dippers' local, No. 18, held last evening, the new suits that were ordered by the local some time ago to be worn in the parade, were received. They consist of white overalls, white shirts, red caps and red belts. The members of this local will meet in the hall at 8 o'clock Monday morning.

A NEW COMPANY.

The Federal Pottery company is the latest concern of its kind to be launched in this city. The company will open offices here in a few days to transact its freight business. It will deal in a general line of ware and will send a number of agents on the road.

HAVE GONE AGAIN.

A few traveling men came in this week after their first preliminary trips, well satisfied with their trade and the fall prospects. They only remained a day or so, taking not of any new developments and the manufacturing situation for prompt delivery.

The schools open next week and many hundreds of children will be well employed for the next few months at least. East Liverpool's schools are constantly increasing in attendance and in usefulness. They are among the proudest and best possessions of the city. The school advantages which the children of today have over those which were enjoyed by their fathers and grandfathers are many and great. This thought should be strongly impressed upon every child's mind, along with the necessity for making the most of his opportunities. When we read how such men as Franklin and Lincoln and others afterward famous simply hungered and thirsted for books and knowledge and educated themselves by their own efforts under conditions that would have discouraged those of less determination and mental strength, and reflect on conditions today, when free libraries abound, when most homes are well stocked with good literature and the best of schools are open to all, we are impressed most forcibly with the truth that the average youth of today little thinks how much he has to be thankful for. Education is a necessity of modern life, an essential to success in every line of effort. If a person has a mind capable of cultivation, there is no excuse for him remaining an ignoramus, and the people are more prone to condemn than to pity the illiterate.

To most of the people that composed the throngs that passed through the News Review office yesterday afternoon and evening the completeness and the extent of the facilities of the plant for newspaper and job work were a revelation. Everybody in East Liverpool of course knew that the News Review was growing and prospering, but when confronted with the abundant evidence of this fact they were simply overwhelmed with surprise. They marveled greatly at the new machinery and watched it in operation with deepest interest. The News Review force was rejoiced to meet so many of its friends, and the occasion was mutually enjoyable. Those who were unable to attend the reception are reminded that visitors are always welcome in this office and any person desiring to see how a complete up-to-date newspaper and job plant is operated are invited to come at any time.

When President Roosevelt said to his Maine guide, "Glad to see you, Bill," the latter replied: "You ain't no gladder'n I be." That sentiment seems to be echoed by all New England.

OBITUARY

Mrs. Elmer Blackburn.
Word was received in Wellsville yesterday of the death of Mrs. Maude Blackburn, wife of Elmer Blackburn, one of Wellsville's prominent merchants, at the home of her father, George Bennett, near New Somerset, Jefferson county. Mrs. Blackburn died of dropsy, and has been sick for several months past. She was 24 years of age. She formerly resided here and was a member of the United Presbyterian church. The remains will be brought to this city for burial, but complete arrangements have not yet been made.

There are more cures made with Walther's Peptonized Port than all other medicines. Doubt not. Try it.

INVITATION.

Having purchased the grocery business of Frank E. Oyster & Co., I hereby most cordially invite the friends and patrons of that firm to favor us with their future patronage. The business will be conducted at the stand now occupied by them, corner Broadway and Cook street.

We unhesitatingly state that the interest of patrons will be protected in the same businesslike manner.

Mr. and Miss Oyster will remain a few weeks, and the same strong clerical force will be maintained. The same line of goods handled by them will be carried in stock, and the same high standard of quality will be maintained throughout.
Your wholesome patronage, combined with our already large patronage, will give us such advantage in wholesale buying that will enable us to sell at prices that will interest any housekeeper.
Very respectfully,
C. A. FERGUSON.

Lazy and dull feelings are sure precursors of sickness, which Walther's Peptonized Port will banish.

WAGON GIVEN AWAY

With each pair of school shoes we give a nice tablet, good ink paper, and to the boy or girl returning to us the largest number of the covers of these tablets bearing our name, we will give this wagon, which is displayed in our window. This contest closes December 23. We still handle the Bunker Hill School Shoes for boys and girls. We have sold several other lines of boys' and girls' shoes, but as yet have never found a line that will wear like Bunker Hill school shoes. Child's sizes, 5 to 11, \$1.00; misses' sizes, 11½ to 2, \$1.25; little girl's size, 9 to 13, \$1.25; boys' sizes, 13½ to 5½, \$1.50. Every pair guaranteed. Sold only by us.

Entries can be made for the various contests with Charles Evans, secretary of the committee, at C. H. Sneider's store, until Saturday evening and with any of the committee on the grounds. Committee in charge of races, C. R. Davis, D. Benedict, and Charles Rager. The grounds will be well lighted for the occasion. Merchants are requested to close stores not later than 9 a. m., remaining closed the balance of the day.

SWITCH WANTED

By the Pennsylvania Company to Connect With Wellsville Factories.

An application has been received by the city officials from the Pennsylvania railroad to construct, maintain and operate a switch through the northern part of the city near the hill side for the purpose of tapping all of the potteries and other factories that are located in the rear of the town. An ordinance is being prepared to be presented to council and will probably be passed promptly.

To Open Chester Avenue.

A petition is being circulated in the West End asking council to open up Chester avenue. The matter has been hanging fire for some time. It is claimed to be a matter of neglect on the part of council that the street has not been opened long ago. The petition will be presented at the next meeting of council. The street is located just north of Clark avenue, and several very valuable properties front on it.

POLICE AID ASKED

In Looking for Bartholin, the Chicago Desperado and Murderer.

A notification has recently been received by Mayor Fogo from Francis O'Neill, general superintendent of the department of police in Chicago, asking to have the police force here on the lookout for a man named William Bartholin, who is wanted by the Chicago authorities on a charge of murdering his mother, Mrs. Anna Bartholin, and fiancé, Minnie Mitchell, on or about July 16, 1902.

He is thought to be in this section of the state. No reward is offered.

No Council Meeting.

An official notice was given last evening to the effect that there would be no council meeting Monday evening, which is the regular meeting night. The meeting will be held on Tuesday evening in respect of Labor day.

Striks Is Off.

The Italian laborers' strike at the mill of the American Sheet Steel company is now over and the laborers have very willingly started to work at the old pay.

Health Board Meeting.

A special meeting of the board of health will be called for Tuesday evening for the purpose of condemning an alleged nuisance near the corner of Third street and Broadway.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NOTICE.

Having made arrangements to dispose of our grocery business to Mr. C. A. Ferguson, who will take possession next Monday, September 1, 1902, we wish to thank our many customers for their most generous and liberal patronage during our business career. We cannot recommend Mr. C. A. Ferguson too highly as a good, honest business man, having the capital and also the experience to carry on the business just the same or better than we have done, and ask of our many customers to shower their liberal patronage toward him as they have done with us, as he is going to do all in his power to please the trade, both in prices and quality of goods.

We will remain for the next 30 days with him, and all customers indebted to us will find us there.

The store will be open Tuesday morning as usual for business. Thanking you once more, we remain, yours truly,

K. G. E. Organization.

The K. G. E. castle will meet at the town hall Monday evening for the purpose of perfecting the organization and initiating members. Mr. Framp-ton, the promoter of the McKinley castle, will be present. The K. G. E's are becoming very strong in Chester. Fifty-four members were reported at their last meeting. A number of new names have been secured and will be voted on Monday evening.

Farewell to Pastor.

A very enjoyable farewell reception was given last evening to Rev. J. D. Hull, pastor of the Christian church at Fairview. Mr. Hull has received a call at Parkersburg where his salary will be \$1,000 per year, \$400 more than he got at Fairview.

The reception was held in the normal hall. About 200 were present. Refreshments were served.

Contract Not Yet Let.

A News Review reporter was informed today by the Rock Springs Park authorities that the contract for constructing the artificial lake at the park had not yet been given out, despite reports to the contrary. The street railway loop at the park will be finished next week.

Picnic Postponed.

The big Panhandle picnic which was to have taken place at the park today was postponed. Because of the heavy traffic in the east it is impossible to secure sufficient coaches to convey the excursionists.

A LIMIT OF 15'000 FOR THE POPULATION OF CITIES IN OHIO

(Continued from First Page.)

The governor's code is the only one which has not been attacked on constitutional grounds. This question is the one which forms the basis of attacks by the administration force against the other code bills which have been introduced. Things are in a badly muddled shape just now, and no one can tell what will finally evolve. It was stated yesterday that the Nash code, in its present shape, legislates all school officers out of office. This being so, the provision will have to be changed or it will be necessary to enact a new set of school laws.

\$142,500.00

WILL BE GIVEN AWAY IN JAN. 1903

TO SMOKERS OF THE

BEST AND LARGEST SELLING BRANDS OF CIGARS IN THE WORLD!

HOW MANY CIGARS will the United States collect Taxes on during the Month of December, 1902?

(Cigars bearing \$3.00 per thousand tax.)

\$142,500.00 will be given in January, 1903, to the persons whose estimates are nearest to the number of cigars on which \$3.00 tax per thousand is paid during the month of December, 1902, as shown by the total sales of stamps made by the United States Internal Revenue Department during December, 1902.

Distribution will be made as follows:

To the.....(1) person estimating the closest.....	\$5,000.00	in cash
To the.....2 persons whose estimates are next closest.....	5,000.00	"
To the.....5 persons whose estimates are next closest.....	5,000.00	"
To the.....10 persons whose estimates are next closest.....	5,000.00	"
To the.....20 persons whose estimates are next closest.....	5,000.00	"
To the.....25 persons whose estimates are next closest.....	2,500.00	"
To the.....50 persons whose estimates are next closest.....	2,500.00	"
To the.....100 persons whose estimates are next closest.....	2,500.00	"
To the.....2,000 persons whose estimates are next closest.....	20,000.00	"
To the.....8,000 persons whose estimates are next closest.....	15,000.00	"
To the 30,000 persons whose estimates are next closest we will send to each one box of 50 "Gremo" Cigars (value \$2.50 per box).....	75,000.00	
35,213 persons.....	\$142,500.00	

Every 100 bands from above named cigars will entitle you to four estimates:

(One "Florodora" band counting as two bands from the 5 cent cigars mentioned; and no less than 100 bands will be received at any one time for estimates.)

Information which may be of value in making estimates—the number of Cigars now bearing \$3.00 Tax per thousand, for which Stamps were purchased, appears below:

In December, 1900, 467,092,308 Cigars.	In March, 1902, 516,599,027 Cigars.
" December, 1901, 479,312,170 "	" April, 1902, 516,835,163 "
" January, 1902, 496,983,717 "	" May, 1902, 523,035,907 "
" February, 1902, 445,495,453 "	

In case of a tie in estimates, the amount offered will be divided equally among those entitled to it. Distribution of the awards will be made as soon after January 1st, 1903 as the figures are obtainable from the Internal Revenue Department for the United States for December. Write your full name and Post Office Address plainly on packages containing bands. The Postage, or Express charges on your package must be fully prepaid, in order for your estimate to participate.

All estimates under this offer must be forwarded before December 1st, 1902, to the FLORODORA TAG COMPANY, Jersey City, N. J. You do not lose the value of your bands. Receipts will be sent you for your bands, and these receipts will be just as good as the bands themselves in securing Presents. One band from "Florodora," or two bands from any of the other Cigars mentioned above, will count in securing Presents the same as one tag from "Star," "Horse Shoe," "Spear Head," "Standard Navy," "Old Peach and Honey," "J. T.," "Master Workman," "Piper Heidsieck," "Jolly Tar," "Boot Jack," "Old Honesty," "Razor," or "Planet" Tobacco; or one "Sweet Caporal" Cigarette Box Front.

Send each estimate on a separate piece of paper, with your name and address plainly written on each. Blank forms for estimates will be mailed upon application.

Illustrated Catalogue of Presents for 1903 and 1904 will be ready for distribution about October 1st, 1902, and will be mailed on receipt of ten cents, or ten tobacco tags, or twenty cigar bands.

Brief Notes of a Personal Nature and of Matters About Town.

Gardener Property Sold—The Dr. Gardener property on Washington street has been disposed of to Samuel J. Crawford. The deal was closed by the McGarry agency.

No Services Tomorrow—There will be no services or Sunday school at the First Presbyterian church tomorrow. Services will be resumed the following Sunday.

Back in the Pulpit—Rev. Dr. Clark Crawford has returned from Cambridge Springs much improved in health. He will occupy the First M. E. pulpit Sunday, both morning and evening.

Lorena in Dry Dock—The steamer Lorena left Zanesville Wednesday for Parkersburg, where it was placed in dry dock for overhauling and repairs. The boat will be in the Zanesville and Pittsburgh trade as soon as the river raises.

Pleasantly Entertained—Mr. and Mrs. Walter Davidson, of Thompson Hill, pleasantly entertained a number of friends at their home last evening, in honor of Mrs. Flossie New and children, of Canada, who have been visiting at the Davidson home for about a month. Mrs. New and her children will return to Canada in a few days, having had a delightful visit in this city.

The Knowles Bridal Party—Word was received today from Mr. and Mrs. Harold H. Knowles and party, who are aboard their special car, "Arcadia," en route to New York and the summer resorts of Long Island. He writes that their car lay at Altoona Wednesday night and at Cresson all day and night Thursday. They left yesterday for Bedford Springs and expect to arrive in New York about Wednesday.

Enjoyable Party—Miss Mary Hill very pleasantly entertained a number of young people last evening at her home on West Market street in honor of Miss Edith Koch and Euphemia Huston, who expect to leave in several weeks to enter the Grove City college. Games and music were the features and refreshments were served. The out-of-town guests were: Miss Stella Donley, of Wellsville, and Miss Bell Phillips, of Erona, Pa. The evening was greatly enjoyed.

A LIMIT OF 15,000 FOR THE POPULATION OF CITIES IN OHIO

This Idea Advocated by Special Council Bennett
—Nash Bill Alone Unassailed on
Constitutionality.

From a Staff Correspondent.
Columbus, August 30. — Special Council Smith W. Bennett, of the attorney general's office, in his talk on the code before the senate yesterday, advised raising the line of demarcation from 5,000 to 15,000. He said the placing of the line at 5,000 was a mere matter of sentiment. If the municipalities under 15,000 would waive the sentimental feature and permit the dividing line between cities to be placed at the original mark, 15,000, they would not be burdened with a cumbersome government.
He said the Nash code contained one weak point—the section giving villages containing colleges the power to regulate the liquor traffic. This provision is a reenactment of the law which the supreme court upheld several years ago, but the speaker said that he thought it would not stand under the present policy of the court. He looks upon it as special legislation. He also said in answer to a question, that under the provision allowing councilmen to fix their own salaries, that they would probably vote themselves the full amount, which must not exceed \$1,200 annually.
Senator Longworth, the leader of the administration forces, followed Mr. Bennett, and said that the demar-

kation proposition should be the last to be taken up by the general assembly. He thinks it should be left to the senators and representatives of the 42 cities of Ohio having between 10,000 and 5,000 population to decide, and asserted that the division mark would ultimately be placed between these two lines.
The senator's remarks indicate that there is a move on foot to put the dividing line up higher. In the light of this it might be well for Salem and Wellsville to make known to the Columbiana legislators just where they want the line to be drawn. It now seems to be up to the smaller cities to decide where the mark shall be placed.
A story was sprung yesterday that the Nash code was to be abandoned and the Conings federal code substituted instead. The report is probably incorrect. The situation is very much mixed, but those who are looking upon the matter dispassionately predict that the Nash code will be the one adopted, although admitting radical changes will be made in it. There is a move on foot to take the code from the special committee of the house and refer it to the house as a committee of the whole.

RAG TIME HAY RIDE

UNIQUE FORM OF ENTERTAINMENT FOR YOUNG FOLKS.

Dressed in Farmer Costume City Boys And Girls Enjoy Themselves.
The "Eight W's" ("We Won't Work, Will We? Why Won't We?"), a club of young men bent on enjoying an evening like their country cousins, hired a wagon and took their girl friends for a rag time hay ride last night. They presented quite a picturesque appearance, the girls wearing sunbonnets and gaudy colors and the boys blue shirts, overalls and farmer hats, with bandana handkerchiefs tied about their necks.
Each member of the party wore a sunflower as a boutonniere and carried a tin horn which he tooted incessantly. They left this city at 8 o'clock and arrived at their destination, the John D. Stewart farm, near Hookstown, at about 9:30 o'clock. The time was pleasantly spent in games and dancing to familiar rag time airs. An elaborate supper was served.
Miss Maude Stewart was the hostess and proved herself a most capable one.
Among the guests from mount-of-town were: Messrs. Sharp and Charles Merritt, of Pittsburg, and Misses Jessie Caldwell, Nell Howerter and Olive Nicholson, of Steubenville. The crowd got home at 2 a. m.

FAREWELL SERMONS

To Be Preached By Rev. W. H. Gladden Tomorrow—Coming Wedding Anniversary.
Rev. W. H. Gladden, president of the Pittsburg conference and pastor of the Fifth street Methodist Protestant church of this city, will close his pas-

torate with that congregation tomorrow. Doubtless large congregations will greet him morning and evening. Early in the week he leaves for his conference, which meets in its sixty-ninth annual session in the Knoxville M. P. church, Southside, Pittsburg, next Wednesday morning, September 3.
About September 8, Rev. Mr. Gladden is expected back in the city to spend two or three days, and after the wedding anniversary of Mr. and Mrs. Gladden September 11 he expects to leave at once with his family for Connellsville, Pa. This anniversary is expected to be an event in the social life of the local church. Rev. Dr. David Jones, the new pastor-elect, and his wife have declared their intention to be present. This will add great interest to the occasion.

THE SANITARY MEN SHOW DISCONTENT

List Not Satisfactory to the Manufacturers of the Trenton District.

AMENDMENTS ARE WANTED

By the Operators But the Men Are Not disposed to Grant Them—Another New Local Organized—Trenton Pottery Gossip.

From a Staff Correspondent.
Trenton, N. J., Aug. 30.—The refusal of the manufacturing potters to abide by the agreement made with the National Brotherhood of Operative Potters two months ago, has been the subject of two secret meetings of Sanitary Ware Pressers' local No. 45. There is a movement of discontent which is beginning to show itself among the sanitary pressers throughout the city, the cause of which, both the manufacturers and the men, refuse to discuss, at the same time intimating that the difficulty will be settled in the course of another week.
From gossip coming from the various sanitary shops, it seems that after giving the sanitary list a trial, the manufacturers want to amend some of its provisions which has met with a point blank refusal from the men.
The new list which is now in force in all sanitary plants, gives the new men an increase in wages of about 10 per cent. The manufacturers accepted the list unconditionally, and the men refuse to yield. They say that they will hold the controlling powers of the various plants responsible if there is any break in the agreement. Another meeting will be held next Tuesday night when the matter will be further discussed.
The next local to be formed here is one for the general ware pressers. No meeting of the men of this branch has been held, but an effort to bring them together will start shortly. There are about 200 general ware pressers in this city, half of whom signed a petition asking for a union. This branch of the pottery trade is in need of many reforms which the pressers see, can only be brought about through organization.
The packers and warehousemen after several efforts to organize have formed a local. During the summer, Vice-President Hutchins has labored with no little energy to bring about an organization of the members of this branch of the trade. The packers were willing and even anxious to form a union, but the warehousemen were unable to recognize the benefits to be derived from such an organization. Mr. Hutchins was untiring in his efforts to bring about the organization, and he started out to do missionary work among the warehousemen. He finally succeeded in placing the matter in a favorable light and most of them agreed to join the union if it became a reality. A temporary organization now exists, it being the desire of the members to defer the election of permanent officers until the local had increased its membership. William Stubbs has been chosen temporary president.
Since the convention of the National Brotherhood of Potters, Mr. Hutchins has formed four locals. One of these is Sanitary Pressers' union No. 42, of Bordentown, which has a membership of over forty. The other locals are the Kilnmen's union, and the Printers' local, both of which have made steady progress. Vice-Chancellor Reed has made an order authorizing Councilor James J. Cahill, as receiver for the Melbourne China Glass and Lamp company, to sell the property at private or public sale. The receiver presented an inventory showing the merchandise to be appraised at \$1,662.14 and the liabilities are given at \$2,719.85. Among the creditors are a number of western firms for supplies.
All the plans for the picnic of the Central Labor union which will be held Labor Day at Hill's Grove, have been completed and the general committee promises to have the largest aggregation of labor men on parade that has ever been gathered together in New Jersey. The committee is counting on having 4,000 men in line, who will represent almost every line of employment in Mercer county. The potters will make up the entire fourth division of the parade as follows: Kilnmen's local No. 45, sanitary ware pressers' local No. 45, turners, throwers and handlers' local No. 36, dip-

INTERESTED CROWDS WATCHED THE PROCESS OF NEWSPAPER-MAKING

Thousands Visited the News Review Office and
Marveled Greatly at Its Wonderful Machinery.

Fully two thousand of the News Review's friends enjoyed the reception given by the management of this paper yesterday afternoon and last evening.
It was announced that the visitors would be welcomed from 3 o'clock until 10 last evening, but long before that time they began to arrive. The entire force was kept busy looking after the guests and showing them through the perfectly equipped plant. The editorial and business departments were the first to be inspected, and so well pleased were the callers with these departments that many of them sat down to chat with the editor and reporters. From there they passed to the job department, in charge of Foreman Fred B. Martindale, who had made arrangements to show off the excellent equipment to the best advantage.
Every press in the room was kept busy, upon one of which had been made ready a neat and well printed card in the shape of a souvenir. Over 2,000 of these were given out, and the feeders were constantly supplying them to the visitors.
By far the most novel and instructive part of the program was found in the pressroom, and this was the next move made by the visitors. Augustus Ogle, manager of the pressroom, had

his force well in hand, and the huge web perfecting press, each day turning out 6,000 papers per hour toward supplying News Review readers with the latest and best news, was kept in operation throughout the entire evening. Thousands of copies of the News Review were printed, and there was not a man, woman or child among the throng who was not fascinated by the wonderful mechanism and skillful manipulation of the huge press.
Passing into the composing room the visitors were presented with a second souvenir in the shape of a linotype slug. Two reporters were kept busy taking the names of the callers, and as fast as they could be supplied to the operators, Messrs. McHenry and McCoy, they were put into type. The two typesetting machines were not permitted to stop for an instant, and even then scarcely one-half of the names were recorded. Foreman Chas. Treseott, of the composing room, did his best to accommodate all, but was unable to do so on account of the location of the machines and other equipment interfering with the progress of the large crowds as the passed out. The efficient force did the very best they could under the circumstances, but scarcely half of those

VACANCIES FILLED

NEW TEACHERS CHOSEN BY THE BOARD OF EDUCATION.

Other Matters Received Attention And Several Bills Were Ordered Faid.
At a meeting of the board of education held in the Central building last evening only five members were present, and the session was the first that had been held for almost two months. The most important matter considered by the board was the election of the new teachers for the coming term to all vacancies.

It is the custom to elect all teachers at the close of the term. Teachers wishing to leave the school are expected to hand in their resignations at the close of the term. If they fail to do this it is very difficult for them to get employment from the board if they wish to return.
The following teachers were elected on the recommendation of Supt. R. E. Rayman, chairman of the teachers' committee:
Miss Anne Pfister for No. 11, Central building.
Miss Huebthal for No. 6, Horace Mann school building.
Miss Anne McGrew for the Gardendale building. The salary of each is to be \$50.
Miss Nellie Campbell will teach mathematics in the high school.
The clerk was authorized by the president of the board to procure blackboards for the McKinley building. A motion was carried directing the treasurer of the public library to make a report according to law.
A number of bills were ordered paid.

MEMORIAL SERVICES

Annual Decoration Day Exercises by the Woodmen of the World.
The annual decoration day service of the Woodmen of the world will be held at Spring Grove cemetery tomorrow afternoon. A special train will be run to this city shortly after noon from Rochester, containing members of the order from Beaver, Beaver Falls, Rochester, New Brighton and other towns in that locality. The Woodmen of the World band, of 22 pieces will come on the special train. The grave of Sovereign Stevenson and that of a son of F. J. Robinson will be decorated during the service.
The address of the afternoon will be delivered by Rev. John W. Gorrell, of the Christian church. The members of the lodge will assemble at their hall at 2 o'clock.
Quick returns from News Review a's.

pers' local No. 41, general ware workers' pottery printers' local and packers' and warehousemen's local. Two hundred girls, all members of the Burlington Boot and Shoe Workers' union, have accepted the invitation of the Central Labor union to be present at the picnic. The girls will be accompanied by about 500 male members of the union who will take part in the parade. The union has chartered a boat to make the trip up the river. The shoemakers recently won a strike at Burlington and because of their presence at the picnic, H. J. Skeffington, National label agent of the National Boot and Shoe Workers' union, has been engaged to deliver the address.
Trenton sanitary ware and Trenton bath tubs, according to a recent report have not only revolutionized sanitary appliances, everywhere, but they have created correct ideas in regard to healthfulness and comfort. Great improvement has been made in this city in recent years in all sorts of bathroom equipment. In these things Trenton is far ahead of any other city. A representative of the Trenton potteries maintains an agency in Europe and reports show that the products of the local potteries are in great demand.
Thomas Hurely, recently employed at the Prospect Hill pottery, has gone west and accepted a position with the biscuit crew at the Severs China works, at East Liverpool.
The jiggermen and dishmakers, No. 1, K. of L., have chartered the steamer, John A. Weaver, for an excursion down the Delaware September 14.

Two Special Cars.

At the meeting of Gen. Lyon post No. 44, G. A. R., held last evening arrangements were completed for two special cars which will carry the visitors from this city to the National encampment to be held at Washington, D. C., on the week beginning October 5.

The special cars will leave this city at 5 a. m., on the 5th. It is expected that there will be a large attendance from this city. Matthew Anderson is the delegate to the reunion from this district.

LABOR DAY EDITION.

The News Review will be issued on Monday, but as it is desired to give employees an opportunity to participate in the Labor day celebration, the paper will be published in the morning, instead of in the evening. Agents and carriers will please take notice and advertisers will bear the fact in mind and get in any copy that they may desire printed at the earliest possible moment.

WITH THE WORKMEN IN THE CLAY PLANTS

TRADE OF THE WEEK.

The manufacturers of this city have no cause to complain of orders this week, said a prominent manufacturer to a reporter today, "and I feel safe in saying that every manufacturer in the city has received some excellent fall business during the past five days." Most of the orders that are now being received are for fall trade and delivery, but the holidays orders have not commenced to come in yet. The season is a little early for this class of orders, but the jobbers and merchants are feeling good over the prosperous condition of the country, and when this condition prevails, business with the manufacturing potters is always good. Many manufacturers are preparing for a large holiday trade, and in fact they have been looking for this good business for many months. The opinion was, during the dull season of several months ago, that the business of the fall would be large, and the thought and prediction is being verified, much to the benefit of East Liverpool. The great majority of orders the past week were for immediate delivery—in fact, some were hurry orders to meet the important demands of customers. Trade is still chiefly on staple dinner and toilet ware, though a sprinkling of specialties is found in orders, and more or less inquiry as to offerings of new creations in the specialty and novelty line are now made. Many potteries are now beginning to give special attention to holiday offerings.

NOTHING LIKE IT.

There will be installed at the East Liverpool pottery, one of the plants operated by the East Liverpool Pottery company, a glaze cylinder which will cost in the neighborhood

of \$4000. There is nothing in any pottery in the city like this cylinder, used for the purpose of grinding glaze. It was made at Canton, and was received in this city a few days ago. It was taken to the plant on College street, and will be placed in position as soon as possible. The cylinder, it is claimed by the makers, is capable of doing the work of three glaze mills, and has even a larger capacity. The cylinder is in two parts, and is operated on the same plan as is a fret mill. It also contains a wood lining. It is thought by Manager Thomas Robinson, of that plant, that the cylinder will be installed and placed in operation in a week or ten days.

BOYS WON'T WORK.

Jiggermen and others employed in the clay shops of some of the potteries are experiencing much trouble just now because their boys will not work steady. In some potteries matters are just the reverse. There are a few boys in the city who are looking for positions, and several of these are applied for positions at the Cartwright pottery a few days ago. At the East Liverpool pottery, the trouble of not securing help is causing no little inconvenience to the jiggermen and others who hire boys. It is to be hoped that the clay shops will be in full operation in a few weeks, or as soon after school starts as possible. It will not be long until a number of boys will come to this city from the southern counties, and then the jiggermen can secure all the juvenile help they desire.

ANCIENT HISTORY.

From time to time the fact has been clearly demonstrated in this column that the pottery department of the News Review is so far ahead of that published in any other paper in the city, that all attempts to follow the idea of running a pottery department in an East Liverpool paper have been imitations. Notice the item, the leading article in the pottery department of a local paper last evening, in which the story is told that the proceedings of the twenty-third annual meeting of the United States Potters' association had been issued. This same story was published in this paper about three weeks ago. Truly there is but one paper in this city giving all the up to date pottery news, and that paper is the News Review.

FROM THE DEFENSE FUND.

While the executive board of the National Brotherhood is in session in this city it will order \$1,000 taken from the defense fund of the organization for the benefit of the striking miners of the Miner's Association. Many of the locals, when they submitted their vote to the National officers, also sent a donation of from \$10 to \$50 out of their local funds to be forwarded to the miners with the check from the Brotherhood. In this manner it is most likely that in the neighborhood of from \$1,250 to \$1,500 will be sent by Secretary Duffy to the Miner's association. This clearly shows the spirit in which the operative potters contribute to fellow workmen in distress.

SOME HIGH OFFICIALS.

A visit to this city next Monday from A. H. Moreland, president of the Union Pottery company, of Pittsburg, is expected, together with several other officials of the plant. He will likely be accompanied by Frank Fowler, vice-president of that company, who has just returned east from a trip to the west for the benefit of his health. It is said these gentlemen are coming here for the purpose of deciding upon the erection of one or more kilns at the Union, as the present capacity of the plant is somewhat small for the business now being handled by that concern.

HIS WIFE ILL.

The many friends of George Smith, general secretary of Kilnmen's local No. 9, will be sorry to learn that his wife is very ill at her home on Florence street. She is suffering from a complication of troubles, and has been confined to her bed for about two weeks. Mrs. William Devon, wife of William Devon, boss fireman at the D. E. McNicol pottery, who has been seriously ill at her home on Thompson Hill for a few weeks, is rapidly recovering, and will be able to be out within a few days.

SOON READY TO START.

Announcement is made that the old end of the Knowles, Taylor & Knowles pottery, which has been rebuilt and improved is to commence operations in from two to three weeks. In a few days the work of placing the new machinery in the new building will commence, and as soon as this is done, it will be but a few days until the plant is in full operation. Just

how many jiggers will be in the new addition has not yet been decided.

KILNMEN'S MEETING.

Kilnmen's local, No. 9, held an interesting meeting in Brotherhood hall last evening, when the final arrangements for the labor day demonstration were completed. One transfer card was granted at the meeting and one new member was received by card. One member was obligated. There was very little business to attend to last evening, and the session adjourned at 9:30 o'clock. The members of this local will assemble in Brotherhood hall at 8 o'clock Monday morning for the purpose of arranging for the parade. All members are requested to be at the hall at that time.

WORK RESUMED.

Some of the improvements that were being made to the East End plant of the American Sewer Pipe plant have been completed and yesterday Manager Henderson ordered one of the presses to be started. There are several other presses at this plant, but they will not be put in operation for at least a week, and perhaps longer. There is considerable work yet to be done about the big plant, and it is of such a nature that requires much time.

THE PACKERS.

It was a short session that was held by Packers' local, No. 25, last evening. It was expected that the meeting would be full of interest, but it was just the reverse, and the main matters considered were those pertaining to the labor day demonstration. The packers will assemble at the Knights of Columbus hall at 8 o'clock Monday morning for the purpose of arranging for the parade.

A DRY WELL.

The gas well drilled by the Mayer Pottery company, on its premises at Beaver Falls, has proved to be a dry one, and the company has abandoned further efforts in this direction. Ernest Mayer has been absent some weeks to recruit his health, and Jos. Mayer is compelled to assume the whole management of the plant.

RUN OUT OF GLAZE.

At lunch time yesterday the dippers at Laughlin No. 2 ran out of glaze, and they were unable to work again until this morning. This caused the ghost kilnmen of this plant to stop work at noon for they had used all the dipped ware available at that time. This department also resumed work this morning.

THE DIPPERS.

At a meeting of Dippers' local, No. 18, held last evening, the new suits that were ordered by the local some time ago to be worn in the parade, were received. They consist of white overalls, white shirts, red caps and red belts. The members of this local will meet in the hall at 8 o'clock Monday morning.

A NEW COMPANY.

The Federal Pottery company is the latest concern of its kind to be launched in this city. The company will open offices here in a few days to transact its freight business. It will deal in a general line of ware and will send a number of agents on the road.

HAVE GONE AGAIN.

A few traveling men came in this week after their first preliminary trips, well satisfied with their trade and the fall prospects. They only remained a day or so, taking not of any new developments and the manufacturing situation for prompt delivery.

What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited.

How do they manifest themselves?
In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor, general debility. How are they expelled? By

Hood's Sarsaparilla
which also builds up the system that has suffered from them.
It is the best medicine for all humors.

The schools open next week and many hundreds of children will be well employed for the next few months at least. East Liverpool's schools are constantly increasing in attendance and in usefulness. They are among the proudest and best possessions of the city. The school advantages which the children of today have over those which were enjoyed by their fathers and grandfathers are many and great. This thought should be strongly impressed upon every child's mind, along with the necessity for making the most of his opportunities. When we read how such men as Franklin and Lincoln and others afterward famous simply hungered and thirsted for books and knowledge and educated themselves by their own efforts under conditions that would have discouraged those of less determination and mental strength, and reflect on conditions today, when free libraries abound, when most homes are well stocked with good literature and the best of schools are open to all, we are impressed most forcibly with the truth that the average youth of today little thinks how much he has to be thankful for. Education is a necessity of modern life, an essential to success in every line of effort. If a person has a mind capable of cultivation, there is no excuse for him remaining an ignoramus, and the people are more prone to condemn than to pity the illiterate.

To most of the people that composed the throngs that passed through the News Review office yesterday afternoon and evening the completeness and the extent of the facilities of the plant for newspaper and job work were a revelation. Everybody in East Liverpool of course knew that the News Review was growing and prospering, but when confronted with the abundant evidence of this fact they were simply overwhelmed with surprise. They marveled greatly at the new machinery and watched in operation with deepest interest. The News Review force was rejoiced to meet so many of its friends, and the occasion was mutually enjoyable. Those who were unable to attend the reception are reminded that visitors are always welcome in this office and any person desiring to see how a complete up-to-date newspaper and job plant is operated are invited to come at any time.

When President Roosevelt said to his Maine guide, "Glad to see you, Bill," the latter replied: "You ain't no gladder'n I be." That sentiment seems to be echoed by all New England.

OBITUARY

Mrs. Elmer Blackburn.

Word was received in Wellsville yesterday of the death of Mrs. Maude Blackburn, wife of Elmer Blackburn, one of Wellsville's prominent merchants, at the home of her father, George Bennett, near New Somerset, Jefferson county. Mrs. Blackburn died of dropsy, and has been sick for several months past. She was 24 years of age. She formerly resided here and was a member of the United Presbyterian church. The remains will be brought to this city for burial, but complete arrangements have not yet been made.

There are more cures made with Walther's Peptonized Port than all other medicines. Doubt not. Try it.

INVITATION.

Having purchased the grocery business of Frank E. Oyster & Co., I hereby most cordially invite the friends and patrons of that firm to favor us with their future patronage. The business will be conducted at the stand now occupied by them, corner Broadway and Cook street.

We unhesitatingly state that the interest of patrons will be protected in the same businesslike manner.

Mr. and Miss Oyster will remain a few weeks, and the same strong clerical force will be maintained. The same line of goods handled by them will be carried in stock, and the same high standard of quality will be maintained throughout.

Your wholesome patronage, combined with our already large patronage, will give us such advantage in wholesale pricing that will enable us to sell at prices that will interest any housekeeper. Very respectfully,
C. A. FERGUSON.

Lazy and dull feelings are sure precursors of sickness, which Walther's Peptonized Port will banish.

WAGON GIVEN AWAY

With each pair of school shoes we give a nice tablet, good ink paper, and to the boy or girl returning to us the largest number of the covers of these tablets bearing our name, we will give this wagon, which is displayed in our window. This contest closes December 23. We still handle the Bunker Hill School Shoes for boys and girls. We have sold several other lines of boys' and girls' shoes, but as yet have never found a line that will wear like Bunker Hill school shoes. Child's sizes, 5 to 11, \$1.00; misses' sizes, 11½ to 2, \$1.25; little girl's size, 9 to 13, \$1.25; boys' sizes, 13½ to 5½, \$1.50. Every pair guaranteed. Sold only by us.

SWITCH WANTED

By the Pennsylvania Company to Connect With Wellsville Factories.

An application has been received by the city officials from the Pennsylvania railroad to construct, maintain and operate a switch through the northern part of the city near the hill side for the purpose of tapping all of the potteries and other factories that are located in the rear of the town. An ordinance is being prepared to be presented to council and will probably be passed promptly.

To Open Chester Avenue.

A petition is being circulated in the West End asking council to open up Chester avenue. The matter has been hanging fire for some time. It is claimed to be a matter of neglect on the part of council that the street has not been opened long ago. The petition will be presented at the next meeting of council. The street is located just north of Clark avenue, and several very valuable properties front on it.

A LIMIT OF 15'000 FOR THE POPULATION OF CITIES IN OHIO

(Continued from First Page.)

The governor's code is the only one which has not been attacked on constitutional grounds. This question is the one which forms the basis of attacks by the administration force against the other code bills which have been introduced. Things are in a badly muddled shape just now, and no one can tell what will finally evolve. It was stated yesterday that the Nash code, in its present shape, legislates all school officers out of office. This being so, the provision will have to be changed or it will be necessary to enact a new set of school laws.

TOOK A REST

The Town Clock Thought Itself Entitled to a Short Vacation.

"There's no use talking, I certainly am getting tired of this way of working. Here I have been for the past seven years, and I have never had a minute to myself but one during the 24 hours each day, and when I did stop then everybody in town almost was talking about it. With such a strong union city as this is I don't think it is right for me to have to keep my hands busy 24 hours each day, even though I don't belong to a union. But I don't care what is said about me, I am going to stop."

And stop the clock in the tower of the Central school building did at 11:29 yesterday morning. COSTLY ERRORS AND POOR PLAYS

This Tells Why East Liverpool Was Defeated by the Windsor Team.

A SAD LACK OF GINGER

Was Evident in the Home Team—Winters Pitched Well, But His Support Was Weak—Curious Error in Location of Pitcher's Box.

The question which was asked yesterday afternoon was "Can't the East Liverpool team become a good loser?" If the action of a number of the players can be taken as a criterion the team cannot.

The Windsors won the game in the seventh inning when they secured four runs, which was their sum total for the entire game. The score then stood 4 to 1, and in the eighth inning the home team secured two more runs, but through no fault of their own. The boys appeared to lack ginger and finished the game more like first year amateurs.

Errors were the cause of it all. Winters pitched a good game, but his own slow fielding was to a large extent responsible for the defeat. He himself allowed two of the five hits to be counted against him. He allowed one slow grounder to pass him when he could have gotten it easily, and then again made a slow play on a bunt and another hit was scheduled.

But Winters was not the only one who was not fielding the game. Even "Foxy Grandpa" was out of condition. He dropped a fly which rightfully belonged to Webb and started the run getting which landed the victory for the Windsors.

Miller, the Monaca man, who played second, was not what he was cracked out to be. He was all right on picking up grounders, but he was unable to throw with any accuracy and received two errors. On one occasion he had an excellent chance to make a double after putting a man out between the line, but threw the ball to the ground in front of Heckathorn at first.

The Windsors began to look for the game in the first inning. Healy went in the box and immediately claimed that the distance from the box to the plate was not correct. A long discussion ensued. A tape measure was secured and it was found that the distance was 47 feet instead of 63.

It is impossible to state why this distance has been used here this season. The grounds were laid out by a civil engineer and were supposed to be correct. It is hard to tell what difference it will make on the local pitchers. Winters was able to pitch a good game at the new distance. It will certainly make a difference with the visiting pitchers who are used to the regular distance.

The locals secured their first run in the third inning on two hits by Godwin and Davis. Webb hit safe and Emmerling was allowed to go down on his grounder, but Webb was thrown out at second. Maag was hit and Godwin hit safe to center field and Emmerling scored. The locals would have had a good chance of scoring another, but Godwin ran to second on the throw in and Maag was unable to reach third.

The visitors did not secure a single hit off Winters until the sixth inning when Craig picked out one. It availed nothing, however, and the chances of the Windsors for a shutout were very promising when they turned the tide in the seventh.

Ralston was first up and hit a fly to right field. Webb ran in and Heckathorn out for the ball. The former had a good chance of getting it, but Heckathorn would not allow him to do so, with the result that it was dropped. McElvaine hit safe and Ralston went to third and scored on a wild throw by Miller. The locals then appeared to lose their heads and on errors by Davis and another by Miller four runs were scored.

The locals had a chance to redeem themselves in the eighth, but they had lost heart. Emmerling was hit and after Winters had struck out Maag waited out four bad ones. Godwin sent one to third base and Mason attempted to catch Emmerling without success and three men were on bases. Emmerling scored on a fly to the outfield.

field and Maag also reached home on a close decision.

That was the end of the run getting. The score:

NOTES ON THE GAME.

Miller will have to pick up if he wants to hold down second for the locals. His batting was very poor.

What was the matter with "Foxy Grandpa"? He struck out twice and never got the ball out of the diamond.

And then had an error to top it off.

Healy pitched a nice game and refused to allow the crowd to rattle him.

He kicked just enough on decisions to get everything that was coming to him in case the umpire had been partial. But McCarron umpired a good game.

Only one of the local players went out to the outfielders. It was Webb, the last man up in the game, and he hit a high fly foul to left field which Glassburner pulled down after a long run. It was one of the prettiest plays in the game.

There is simply no excuse for the distance from the pitchers' box to home plate being four feet too long.

It does not give the visiting pitchers a fair chance and handicaps the local pitchers when they play on a regulation diamond.

Godwin was certainly in the game. He took everything that came his way and made two good catches, on one of which he would have been open to censure if he had not got it, as it belonged to Reark. He had two of the four hits for the locals.

Blanked Them All.

After losing 14 out of 15 games on the road, the Detroit American League team opened at home yesterday by shutting out Boston in a well-played game. Mercer pitched great ball, earning his game by a score of 4 to 5.

CERTAIN RESULTS

Many a East Liverpool Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in East Liverpool. There is plenty of positive proof of this in testimony of citizens, such evidence should convince the most skeptical doubter.

Read the following statement:

Mr. Thomas Laughlin, of 172 Sophia street, engineer, says: "I caught cold and neglected it. It settled in my back and kidneys. Forced me to quit work and almost cost me my life. I could not move without suffering, and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicine for ten years but did not get well. When I read of Doan's Kidney Pills I got a box at the W. & W. Pharmacy. Noticing some improvement by the time I had taken the first half of the box, I continued until I had taken four boxes and my back was all right as well as the urinary trouble. I will substantiate my statement of Doan's Kidney Pills if anyone will come to my house to investigate for themselves. My wife had some backache also; she took Doan's Kidney pills and was cured."

\$142,500.00

WILL BE GIVEN AWAY IN JAN. 1903

TO SMOKERS OF THE

BEST AND LARGEST SELLING BRANDS OF CIGARS IN THE WORLD!

HOW MANY CIGARS will the United States collect Taxes on during the Month of December, 1902?

(Cigars bearing \$3.00 per thousand tax.)

\$142,500.00 will be given in January, 1903, to the persons whose estimates are nearest to the number of cigars on which \$3.00 tax per thousand is paid during the month of December, 1902, as shown by the total sales of stamps made by the United States Internal Revenue Department during December, 1902.

Distribution will be made as follows:

To the.....(1) person estimating the closest	\$5,000.00 in cash
To the.....2 persons whose estimates are next closest	5,000.00 "
To the.....5 persons whose estimates are next closest	5,000.00 "
To the.....10 persons whose estimates are next closest	5,000.00 "
To the.....20 persons whose estimates are next closest	5,000.00 "
To the.....50 persons whose estimates are next closest	2,500.00 "
To the.....100 persons whose estimates are next closest	2,500.00 "
To the.....2,000 persons whose estimates are next closest	20,000.00 "
To the.....8,000 persons whose estimates are next closest	15,000.00 "
To the 35,213 persons whose estimates are next closest we will send to each one box of 50 "Cremo" Cigars (value \$2.50 per box).	75,000.00
35,213 persons	\$142,500.00

Every 100 bands from above named cigars will entitle you to four estimates.

(One "Florodora" band counting as two bands from the 5 cent cigars mentioned, and no less than 100 bands will be received at any one time for estimates.)

Information which may be of value in making estimates—the number of Cigars now bearing \$3.00 Tax per thousand, for which Stamps were purchased, appears below:

In December, 1900,	467,002,308 Cigars.	In March, 1902,	516,599,027 Cigars.
" December, 1901,	479,312,170 "	" April, 1902,	516,835,163 "
" January, 1902,	496,983,717 "	" May, 1902,	523,035,907 "
" February, 1902,	445,495,453 "		

In case of a tie in estimates, the amount offered will be divided equally among those entitled to it. Distribution of the awards will be made as soon after January 1st, 1903 as the figures are obtainable from the Internal Revenue Department to the United States for December. Write your full name and Post Office Address plainly on packages containing bands. The Postage, or Express charges on your package must be fully prepaid, in order for your estimate to participate.

All estimates under this offer must be forwarded before December 1st, 1902, to the FLORODORA TAG COMPANY, Jersey City, N. J. You do not lose the value of your bands. Receipts will be sent you for your bands, and these receipts will be just as good as the bands themselves in securing Presents. One band from "Florodora," or two bands from any of the other Cigars mentioned above, will count in securing Presents the same as one tag from "Star," "Horse Shoe," "Spear Head," "Standard Navy," "Old Peach and Honey," "J. T.," "Master Workman," "Piper Heidsieck," "Jolly Tar," "Boot Jack," "Old Honesty," "Razor," or "Planet" Tobacco; or one "Sweet Caporal" Cigarette Box Front.

Send each estimate on a separate piece of paper, with your name and address plainly written on each. Blank forms for estimates will be mailed upon application.

Illustrated Catalogue of Presents for 1903 and 1904 will be ready for distribution about October 1st, 1902, and will be mailed on receipt of ten cents, or ten tobacco tags, or twenty cigar bands.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Gardener Property Sold—The Dr. Gardener property on Washington street has been disposed of to Samuel J. Crawford. The deal was closed by the McGarry agency.

No Services Tomorrow—There will be no services or Sunday school at the First Presbyterian church tomorrow. Services will be resumed the following Sunday.

Back in the Pulpit—Rev. Dr. Clark Crawford has returned from Cambridge Springs much improved in health. He will occupy the First M. E. pulpit Sunday, both morning and evening.

Lorena in Dry Dock—The steamer Lorena left Zanesville Wednesday for Parkersburg, where it was placed in dry dock for overhauling and repairs. The boat will be in the Zanesville and Pittsburgh trade as soon as the river raises.

Pleasantly Entertained—Mr. and Mrs. Walter Davidson, of Thompson Hill, pleasantly entertained a number of friends at their home last evening, in honor of Mrs. Flossie New and children, of Canada, who have been visiting at the Davidson home for about a month. Mrs. New and her children will return to Canada in a few days, having had a delightful visit in this city.

The Knowles Bridal Party—Word was received today from Mr. and Mrs. Harold H. Knowles and party, who are aboard their special car, "Arcadia," en route to New York and the summer resorts of Long Island. He writes that their car lay at Altoona Wednesday night and at Cresson all day and night Thursday. They left yesterday for Bedford Springs and expect to arrive in New York about Wednesday.

Enjoyable Party—Miss Mary Hill very pleasantly entertained a number of young people last evening at her home on West Market street in honor of Misses Edith Koch and Euphemia Huston, who expect to leave in several weeks to enter the Grove City college. Games and music were the features and refreshments were served. The out-of-town guests were: Miss Stella Donley, of Wellsville, and Miss Bell Phillips, of Erona, Pa. The evening was greatly enjoyed.
